SUNRISE ADDITION ~ BENEFITING THE COMMUNITY

Sheridan County, Hoxie in particular, is in need of housing. Working to bring in more residents, some of whom are returning to the area, is a struggle when the availability of affordable homes is at minimal levels. Sunrise Addition investors are working to remedy the situation by providing well-built, affordable homes for those house hunting in the area.

Recently, Kansas communities and employers have stressed a growing need for affordable moderate-income housing (MIH), (defined for the purposes of this Request for Proposal (RFP), as housing generally for households between 60 and 150 percent of HUD's Fiscal Year 2017 income ranges.) MIH is vital for economic development, yet difficult to achieve, given that most federal housing programs serve a lower income bracket, and market supply is limited due to high development costs, low appraisals, tight lending conditions, and lack of investor interest.

Our local Sunrise Addition meets the requirements for this application. These funds will help pay the bonds for special

assessments such as streets, sewers, water lines and other required infrastructure on six of the lots. Infrastructure is one of the biggest expenses in creating an addition to any city.

Applications are evaluated on a several factors: need, capacity, use of funds, and more. The most important (from the investor's standpoint) being the community's support. So, residents & potential residents, as well as business owners in Sheridan County, *your support is needed!*

To help in the MIH application process, letters need to be written regarding the following:

Letters from employers need to state that they:

- Have created jobs in the last two years
- Will create jobs in the next two years
- Have unfilled openings due to a lack of housing

Letters from employees need to indicate:

- They are living in Hoxie, but in substandard or inadequate housing, who would like better housing
- They are living outside of Hoxie, but would like to live in

Hoxie if housing existed.

These letters may be combined into a general letter of support, plus address any specifics regarding the above points (ie: Employers that have created jobs: How many jobs? How many more jobs will/could be created? Have the jobs not been created due to lack of housing? Are current employees in need of housing?) The letter should be as detailed as possible. *Letters from both employers and employees are needed.* Please address your letters to:

James R. Behan, Director of Operations
Kansas Housing Resources Corporation
611 S. Kansas Ave., Suite 300
Topeka, KS 66603

Original letters may also be delivered to the City of Hoxie before September 15, 2017. The City will send these letters along with the MIH application.

Working to improve the community is a *community* effort, and is not possible without *community* support - and Hoxie & Sheridan County have a lot of it!

Send your letters before the deadline!

Celebrating 90 Years of Life

Lawana Kohman is celebrating her 90th birthday on Sunday, September 17.

She was born in 1927 to Alva & Leora (Myers) Webb of Barnard, KS.

God has provided the love of family and privilege of teaching many students. After graduating from Beverly Rural High School in 1945, she taught two years at Pleasant Valley, a rural school south of Lincoln. She graduated from Moody Bible Institute in 1949, and from Fort Hays State University in 1952.

She taught English and speech at Hoxie High school for five

years, and three years at Lincoln High school. She received her master's degree from Kansas State University in 1959.

Paul Kohman and Lawana in 1960 and lived on the Kohman family farm, near Hope. Mark was born in 1962 and Monte in 1964.

In 1969, she began teaching at Hope High school, retiring after 24 years. She then taught an evening public speaking class each semester for Cloud County Community College at Hope or Herington for 21 years.

The other highlight of Lawana's life has been the joy of teaching children, youth

and adults the biblical truths of God's love in giving His Son Jesus Christ to be their Savior.

Mark and Wendy Kohman and their three children live in Austin, TX. Monte and Marianne Kohman live on the family farm, rural Hope. After several years of health problems, Paul entered his heavenly home on Thanksgiving morning, 2015.

Lawana would enjoy birthday greetings from her former students, co-teachers and friends, even pictures from those she hasn't seen recently! Her address is PO Box 3, Hope, KS 67451. E-mail will reach her at kohmanlawana@gmail.com.

Please join with family and friends as we shower Evelyn Walden with cards to celebrate her 90th birthday on September 17, 2017. Evelyn's address is P.O. Box 167, Hoxie, Kansas 67740. If you have a chance to visit with her in the near future she would enjoy sharing memories you had with her in the past. She resides in Hoxie at the LTCU. Thanks, Kathi and Monty Obee, Jim and Connie Walden, Karen and Randy Hujing.

JENNINGS NEWS

By Louise Cressler

Don Cressler, Norton, was put on our prayer chain Wednesday when he was taken by ambulance to Kearney Hospital for heart problems. After receiving two stints, he returned home on Friday.

Mary Kinser Cressler, rural Jennings returned home on Wednesday after spending a week in Via Christi St Francis, Wichita following her ATV accident. She is doing as well as can be expected, getting around in a wheelchair.

Jennings United Methodist Women traveled to Oberlin Wednesday to the United Methodist Church to have lunch with the Oberlin United Methodist Women. Those from Jennings enjoying the luncheon and the wonderful program included Rachel Carter, Julie Carter, Kathy Nauer, Lila Jennings and Kay Brown. At about 2:00, Lila, Kay, Kathy and Julie went to visit at Good Samaritan Home to celebrate September birthdays at the Home. They served cupcakes and gave

birthday sacks to 5 residents with birthdays. Kay and Julie played several songs and duets on the piano.

Sunday afternoon Doyle and Kay Brown visited with Bob and Neoma Tacha at the Andbe Home in Norton. They are doing well. Several other former Jennings residents are also at the Home.

The September book for the Jennings Book Club is "A Lucky Life Interrupted" by Tom Brokaw. This is a correction. If you're interested, come visit.

Some people do their spring cleaning in the fall. Whenever you find a pile of books stacked in your house waiting for removal, the Jennings City Library will accept them. They deserve a chance for a new home and the library needs a new bunch for the "Sale" next year.

October library project is again "Books or Treats" for Halloween. All the kids are welcome to choose a book to take home. Hopefully, there will be another get together for community's families.

Jokes & Quotes

“Yes,” said the old man to his visitor, “I am proud of my girls, and I would like to see them comfortably married. As I have made a little money they will not go penniless to their husbands. There is Mary, 25-years old. I’ll give her \$1,000 when she marries.”

“Then comes Elizabeth, 35. I shall give her \$3,000, and the man who marries, Eliza, who is 40 will have \$5,000 with her.”

The visitor, an enterprising young man, reflected a moment and asked, “You haven’t a daughter about 50, have you sir?”

True friends leave foot prints on your heart.

She: “Do you really love me, Paul?”

He: “You know I do, Mary.”

She: “Do you love me enough to die for me?”

He: “Oh no, Mary, mine is an undying love.”

A boy used bad grammar in school. He always said, “I have ‘rote my lessons.”

His teacher said, “It is

‘written’, not “rote’ and I want you to write on the black board ‘it is written’ 100 times.”

When she came back into the classroom, she found a note that said, “I have ‘rote’ ‘it is written’ 100 times, and now I have went home.”

In a deeply wooded area, three country churches were having trouble with squirrels gathering on top of the churches and disturbing the church services. The ministers had tried everything to keep them from coming each Sunday.

Finally, they decided to have each congregation vote on what to do.

The first congregation decided that since they were God’s creation that they should just try to ignore them.

The second congregation also decided not to harm them, so they loaded them all up and took them miles and miles away. But, Sunday morning they were back on the church roof again.

The third congregation decided to baptize them and invite them in. Now, they only come at Christmas and Easter time.

One of the greatest labor-saving inventions of today is tomorrow.

Celebrate the Foundation of America DAR Promotes Constitution Week

There are two documents of paramount importance to American history: The Declaration of Independence, which forged our national identity, and the United States Constitution, which set forth the framework for the federal government that is still in use today. While Independence Day is a beloved national holiday, fewer people know about Constitution Week, an annual commemoration of the living document that upholds and protects the freedoms central to our American way of life. This year, the annual celebration begins September 17, 2017.

The Daughters of the American Revolution (DAR) initiated the observance in 1955, when the organization petitioned the U.S. Congress to dedicate September 17–23 of each year to the commemoration of Constitution Week. Congress adopted the resolution, and on August 2, 1956, President Dwight D. Eisenhower signed it into Public Law #915. The celebration’s goals are threefold: to encourage the study of the historical events that led to the framing of the Constitution in September 1787; to inform people that the Constitution is the basis of America’s great heritage and the foundation of our way of life; and to emphasize U.S. citizens’ responsibility to protect, defend and preserve the Constitution.

DAR has been the foremost advocate for the awareness, promotion and celebration of Constitution Week. This annual observance provides innumerable opportunities for educational initiatives and community outreach, two mission areas of crucial importance to the National Society’s work. By fostering knowledge of and appreciation for the Constitution and the inalienable rights it affords to all Americans, DAR helps to keep alive the memory of the men and women who secured our nation’s independence, whose bravery and sacrifice made possible the liberties we enjoy today.

“The framers created a Constitution that translated into law the ideals upon which our nation was built,” said DAR President General Ann Dillon. “Their vision was so forward thinking that their words still guide us today. No American history education can be complete without a thorough understanding of the impact the Constitution has had on the lives of American citizens past and present.”

One of the largest patriotic women’s organizations in the world, DAR has more than 185,000 members in approximately 3,000 chapters across the country and even in numerous foreign countries. DAR strives to promote historic preservation, education and patriotism via commemorative events, scholarships and educational initiatives, citizenship programs, service to veterans, meaningful community service, and more. For additional information about DAR and its programs, visit www.dar.org.

Hoxie Farmers’ Market News

Market vendors dealt with the wind while assisting patrons this past Saturday. (Photo by Viktorija Briggs)

By Viktorija Briggs

Well, we are down to the season’s last three Saturdays now. We have had beautiful weather every week, this past week included. However, this weekend we had wind! We haven’t had a windy Saturday since the beginning of the season, so it was quite a surprise – and a bit irritating too. We spent most of the time, in between patrons, holding the tent poles so they didn’t go flying into the road. But, other than the wind, it was a great day at the Market.

Jams, Jellies & More had a great display of jams, jellies, home grown fryers, duck eggs, cinnamon rolls, pecan rolls, a dozen dinner rolls, cucumbers, tomatoes, and sweet corn.

I had the usual beverages, a few Aloe plants, butternut squash and acorn squash. I also had Lemon Zucchini Bread, Sunny Zucchini Bread (Lemon Zucchini Bread with yellow squash added), and Spiced Apple Zucchini Bread with walnuts.

Ronda Johnson’s display of Watkins products did very well – nothing blew over!

Derek Johnson was there with zucchini, a few fall decorative novelties: white pumpkins, white gourds, and colorful Indian corn!

Creative Arts & Gifts was there with painted yard Stones, Halloween decor, peanut butter cookies and brownies.

With only a few more weeks to go, don’t forget to stop by!

Letters to the Editor
The Sheridan Sentinel

Hoxie, KS 67740

Dear Sheridan County Residents,

On the 6 September 2017, I had the pleasure of attending Sheridan County’s first Strategic Doing Process meeting. The meeting had a fantastic turnout and I was left truly energized by all the enthusiasm and heart that your residents have for your county.

The many people in attendance had great ideas for economic development, county unity, long-range investment, quality of life, health and education, as well as arts and entertainment in Sheridan County. I admired the participation and passion that came from everyone in attendance. It takes participation to ensure that rural communities, like us, remain viable for years to come. As Michelle Foote, Sheridan County Community Foundation Board Chair, said,

“We cannot just be surviving, but we need to be thriving.”

The ideas and motivation is there, and I encourage you to keep striving to create a better place for the generations to come.

I encourage, any and all, residents of Sheridan County, and other counties that are participating in the Strategic Doing Process, to get involved and participate. It’s meetings like this that gives the opportunity to come together and grow your ideas, in hopes that one day they will become reality.

I look forward to seeing what amazing projects Sheridan County orchestrates and wish them the best of luck on their future endeavors.

Out of Doors Dishes

For the nature lover there is no pleasure equal to a meal prepared and eaten out of doors. If one has the habit, an equipment is a great convenience, getting just the lightest, most essential and most compactly packed. Potatoes and corn may be roasted in the woods and they never taste better, if one can wait until they are cooked. The potatoes should be buried in hot ashes fully half an hour before anything else is started. If one does not care to bother to cook, or will forgo that pleasure almost everything from hot coffee to ice cream may be carried now in the bottles and receptacles made to conserve the temperature.

A heavy square of sheet iron is a most useful camp utensil, it may be used on which to set the various dishes while cooking over

the coals or may be used as a toaster, broiler of steaks or as a griddle for cakes, in fact, its repertoire has not yet been exhausted.

Long sharp sticks will be needed to roast frankfurters, or for boiling bacon, as every member of the camp has some especial duty to perform the preparation for the meal is shared. To be a good camper, one must not be afraid of work and the normal person finds something of the primitive man in himself when he gets into the woods, conventionality is forgotten, and the picnicker has the excitement and fun of making fire and preparing a meal like a true savage.

Eggs may be cooked in hot water or fried after the bacon in the frying pan, and if cold boiled potatoes are at hand they may be also fried. One can eat and digest fried food in the woods, exercising

and tramping, when it would cause serious trouble at other times.

Red hot coals should be ready for broiling meat. Apples, peanuts, potatoes and corn all take kindly to a roasting.

After all is over, the fire burning up all rubbish, is carefully buried so that no danger of fire will result from the day’s pleasure.

Now & Then

Compiled by Rachel Farber

**From The Golden Belt,

Walter Elliott looked in yesterday and said “hello.”

Dr. Jones and wife were over to Gove City’s blow-out. They report a big time.

L. T. Bornt has put a neat front on the new land office. Bornt is no slouch if he does have fits.

The Arlington is painted up in good style, and is neatest, finest finished building in Gove county.

Rev. Dugger will fill his appointment here one week tomorrow evening. He will be heartily welcomed back after his long absence.

A few neighbors and friends called on our venerable townspeople, the Smiths, Tuesday evening last, and spent a very enjoyable evening.

Mr. Childs, the gentleman who was here some two weeks since looking for a bank location, has decided to cast his lot among us. He will be heartily welcomed.

A hunting party of four, led by J. B. Beal, took a late supper at the Arlington Thursday, spent a pleasant evening with the boys, and returned to Grainfield by the bright light of the moon.

Mr. James Mathers made us a pleasant call on Tuesday last. He says he is putting up a 16 x 22 story-and-a-half house, with all modern improvements. He has a good well, forty acres fenced and forty acres under cultivation.

A young gentleman appeared at Sponsler’s house Wednesday and said he was going to take a squatters’ rights on All’s claim. He was a bright ten-pounder. Mother and child are doing well.

“Uncle John” Boswell brought ye scribe a fine watermelon Tuesday morning. He did not forget the “suffering wife and children” at home, but left a nice muskmelon with careful directions for its delivery. Thanks Uncle John.

There will be a social ball given in Mr. Hutchins new restaurant building, on Monday evening, Sept. 13th, 1886, to which all are cordially invited. A social good time will be had, and everybody will be expected to enjoy themselves.

Buffalo Park Robbers

It will be remembered that Al Stevens, Walt and Jack Stewart were arrested in Grinnell on a charge of robbing the Buffalo Park depo; also for breaking into and extracting goods from Drake & Sloeys store; also for “holding up” the night operator at Oakley. They had waived examination and were confined in the Hayes City jail for safe(?) keeping. On Saturday night last they escaped rather mysteriously, the first named still being at large while the latter two were immediately captured.

The Stewarts had their hearing this week before Judge Osborne, at WaKeeney. Walt was convicted while Jack was acquitted on the charge preferred. It is generally believed here where Jack is well known, that he is entirely innocent of participating in any of the charges.

We noticed J. S. Conard, of Guy, in town Wednesday.

Three Canada Indians were selling fancy bead work in the city last week.

The story about the fellow pitching a boy into a threshing machine is going the rounds again.

Mrs. J. D. Rickman and Mrs. L. M. Humes visited at Geo Tatum’s, near Morland, on Monday.

The wild report that Sullivan had shot himself was partially true, as it turned out, for he had been “shot in the neck” by old Rye early in the

morning.

Miss Cassie Wiggins, of Morland, was visiting her brother, the handsome and popular proprietor of the City Drug Store, a few days this week. Mr. Wiggins expects his mother and sister here soon and will get to housekeeping.

As Mr. and Mrs. M. A. Chambers were returning from Adell last Saturday night, in turning out to meet a team, their phaeton was overturned and, for a short while, times were quite lively in that locality. T. J. McKinney was close at hand and caught the horse by the bits until the imprisoned could extricate themselves. Considering the fact that Mrs. C. had her baby in her arms, their escape was almost miraculous.

Ovid Post, who was committed to the State Insane Asylum at Topeka last spring, has been discharged as cured and is now living on his farm once more.

We were pleased to meet Rev. Griffes, formerly a pastor of this city, but now stationed in Nebraska, last Tuesday. He had been visiting his son G. A. Griffes, east of town.

Mr. and Mrs. W. F. Troutman left Tuesday evening for Monroe, Utah, where they will visit during the winter.

J. H. McConchie is spending the week in taking in the State Fair and visiting his old home in Marshall county.

An infant child of Gus Johnson’s died Monday and was buried Tuesday afternoon.

E. H. Lupton went down the road again Monday night, but only for a few days this time.

Phelps and Vicinity

Quite a large audience greeted Rev. Hobbs at the Baptist church Sunday morning.

Mr. and Mrs. C. E. Mitchell rejoice over the birth of a little daughter.

Miss Mattie Hill called on friends in this vicinity Sunday.

A little boy baby came to gladden the home of Mr. and Mrs. B. F. Richards, Tuesday.

Quite a number of the farmers in this vicinity are shipping grain from Skelton.

State Orders City To Bring Disposal Plant Up To Date

The Hoxie City Commission has been directed by the Kansas State Board of Health to bring the city sewer and disposal system up to state specifications.

The Commissioners have employed John W. Smith, Consulting Engineer & Associates, of Hays, to conduct a survey in connection with the problem, and they should have a report within a few months.

Should the city sewer and disposal plant have to be enlarged it will probably mean a bond issue, the commissioners said.

Hoxie Grade School News

Mrs. Mill’s Fifth Grade – Two new students are in this class this year. Ricky Vaughn has transferred back from Eagle, Colo., and Rodney Cooper is a transfer from Colby. The class welcomes them happily.

Mr. Blackburn’s Eighth Grade Home Room – Reporters: Janet Transue, Mary Schippers – Last week at school we studied from our new literature and grammar books in English. In science we have been studying about the clouds and their formations. Our American History class was surprised with a “shot-gun” or pop test the other day over what we should have been studying. For mathematics we are studying the base-twelve number system. This is new for us so it was a bit complicated at first. The band members have been trying out for the different sitting positions. In physical education we are having physical fitness tests. We have almost completed them.

Car Hits Bank Building

The Hoxie State Bank building was converted into a “drive-in” bank for a short time Monday evening. A large section of plate glass in the front of the building was broken out when struck by a car. Rudy Rumbach, driving a 1958 Ford, was backing from a parking stall near the ASCS office about 8:45 when the accident happened. The driver apparently lost control of his car after his brakes failed, he told law officials, and he backed over the curb and into the glass. Damage was confined to the plate glass front, in the amount of about \$300.

High Plains Food Co-Op to Distribute Fresh Fruit & Vegetable Bundles to Sheridan County Seniors

The Kansas Senior Farmers' Market Nutrition Program is providing bundles of fresh fruits, vegetables, herbs and honey from High Plains Food Co-op farms to Sheridan County seniors at **NO COST** who meet age and income requirements. Bundles will be distributed at the Ridgewood Manor on Friday September 16 and 29 October 13 and 20.

To be eligible seniors must meet the following criteria:

1. 60 years old or older
2. **Income level:** A senior's annual gross household income (before taxes are withheld) must be at or below 185% of the federal poverty level. For example, a household of one must have an annual gross income at or below \$21,978 or a monthly gross income at or below \$1,832.

Applications will be on a first-come, first-serve basis and available for sign-up by calling Lori Cressler @ (785) 675-1295 or leave a message with Chris Sramek @ 785-626-6082.

Eligible foods from High Plains Food Co-op farms are defined as "fresh, nutritious, unprepared, locally grown fruits, vegetables, locally produced honey and herbs for human consumption that are produced in Kansas under normal growing conditions."

The Kansas Senior Farmer's Market Program is a project of the U.S. Department of Agriculture (USDA). The program is coordinated by the Kansas Department of Health and Environment (KDHE), which is collaborating with the High Plains Food Co-op to identify and distribute the food bundles to eligible seniors.

Whole Grains Month

September is Whole Grains Month, so we challenge you to integrate whole grains into some of your favorite dishes. Whole grains, which include sorghum, are an essential part of a balanced diet. Not only do they provide valuable nutrients, they may also help reduce the risk of chronic diseases, such as coronary heart disease, diabetes and cancer.

Sorghum's nutrients include phosphorus, which helps form healthy bones; magnesium to aid in the absorption of calcium and regulate body temperature; niacin, which improves blood circulation; iron, that strengthens the immune system and the capacity to carry oxygen in the blood; protein, which is a major building block for bone, muscles, skin, and enzyme development; and Vitamin B6, which is very important in the synthesizing of antibodies, and nerve function enhancement.

Cooking with sorghum is no different than cooking rice. It can be cooked on the stovetop, in the slow cooker, the oven, or a rice cooker. Its flavor is considered a bit nutty.

Some simple recipes for sorghum:

Simple Sorghum Side Dish

Stovetop Directions

1 cup whole grain sorghum
3 cups water

Add sorghum and water to a large pot. Bring to a boil, then reduce to a simmer. Cook for approximately 40-45 minutes, or until the sorghum is tender. Drain and serve.

Pressure Cooker Directions

1 cup whole grain sorghum
2 cups water

Rinse and drain the sorghum. Place water and sorghum into the pressure cooker. Set the pressure cooker to high pressure for 20 minutes. When the cook cycle

is complete, remove from heat and release *all* of the pressure before opening the lid. Drain the sorghum into a small sieve colander, rinse and then fluff with a fork. Add

Other: Soak sorghum overnight, as you would dried beans.

Optional: Add spices and seasonings to taste.

Substitutions: Chicken, vegetable or beef stock instead of water.

Strawberry Sorghum Smoothie Ingredients

1 medium ripe banana, frozen

3/4 cup frozen unthawed strawberries

1/2 cup whole grain sorghum, cooked

1 teaspoon sorghum syrup

1/2 teaspoon vanilla extract

2 tablespoon hemp seeds

1/2 cup milk of choice

Coconut chips (optional for garnish)

Directions

Puree in a blender until smooth and serve. Garnish with coconut chips (optional)

Cross Country Competes at Quinter

Running in their first-ever Cross Country meet are junior Sean Robben and sophomore Parker Jones at Norton. They placed first and second respectively in the junior varsity race. (HHS courtesy photo)

By Peggy Eland

The Hoxie cross country team traveled to Quinter on a hot and windy Thursday, Sept. 7 to compete in their second meet. It would also mark the varsity debuts of Parker Jones, Sean Robben and Emily Diercks. Emily placed fourth, Sean placed 12th and Parker placed 18th. Halie Weese and Karlee Geisinger competed in the junior varsity race placing first and second respectively.

"While the weather conditions slowed times a little I thought our team did a pretty good job competing against fields which included several state qualifiers. Emily and Sean both medaled in their varsity races using well-timed surges to help them pass and then protect their final placings of 4th and 12th respectively. Parker used the same strategy to push himself in sight of the medal standings but his 18th place was just three places short of the last medal. Karlee and Halie both struggled with their breathing. Karlee at the beginning of the race and Halie in the latter stages. Halie had a nice start and was moving well when her battle began. Karlee struggled early and then found her rhythm. They had enough good parts in their races to place 1st and 2nd on JV. All in all I think we learned a lot about ourselves in this race and the limits we are capable of pushing. We will continue to work hard on overcoming our doubts and being strong mentally in the face of obstacles," said Coach Tom Friess.

Indians Make Quick Work of the Jackrabbits

By Luke Schippers

The Hoxie Indian football team started their season off on a high note Friday night, Sept. 1. The Indians won 54-0 at half time.

The Jackrabbits won the toss and elected to defer. The Indians chose to receive and started with the ball at their own 23. After a 14-play drive, the Indians put the first score on the board. Junior quarterback Jared Kennedy handed the ball to senior running back Latham Schwarz on the 5-yard line and he ran it in for the score. Kennedy again handed the ball to Schwarz and he rushed in for the two-point conversion, making the score 8-0.

After a touchback kick by junior Taye Washington, the Jackrabbits had the ball on their own 15. The Indians defense held and forced the Jackrabbits to a punt after a short offensive drive. The Jackrabbits were forced to punt, and the Indians took over at the Jackrabbit 34-yard line. Senior Troyal Burris fumbled the ball and the Jackrabbits recovered it at their own 7-yard line. Troyal then intercepted a pass, giving the ball to the Indians at the Jackrabbits' 34-yard line. The Indians marched up the field and senior full back Chris Cox ran it in for the score. Schwarz caught a pass from Kennedy to score the two-point conversion, making it 16-0. Another touchback by Washington pinned the Jackrabbits deep, and forced a punt. The Indians started out on the Jackrabbits 6-yard line after a great return by Troyal Burris. The first play of the drive Schwarz ran the ball in for a touchdown, and then senior Luke Schippers caught Kennedy's pass for the two-point conversion making it 24-0. The Jackrabbits were forced to punt again and the Indians took over on the Jackrabbit 27-yard line.

The second quarter started out with Troyal Burris catching Kennedy's pass for a touchdown and Schippers catching the two-point conversion pass. The Indians now led 32-0. The Jackrabbits were forced to punt again by the Indians' tough defense, and the Indians took over on their own 32-yard line. The Indians marched down the field and Cox ran the ball up the middle for the touchdown, with Kennedy and Schwarz fumbling the exchange on the two-point conversion. The Indian lead was increased to 38-0. The Jackrabbits fumbled the ball, with junior nose guard Taye Washington recovering the ball. The Indians again started deep into Jackrabbit territory, on the 24-yard line. Schwarz ran in for the touchdown and the two-point conversion, giving the Indians a 46-0 lead. The Jackrabbits turned the ball over on a Taylor Burris interception on the next drive. The Indians offense was forced to punt. The Jackrabbits then turned the ball over again to Troyal Burris for a pick-six, and Cox ran the two-point conversion in. The Indians now led 54-0. The game ended shortly after this at half-time.

Jared Kennedy was 3 for 6 on passing for 36 yards, and rushed 4 times for 33 yards and 1 touchdown. Latham Schwarz rushed 17 times and had 1 reception for 142 yards, and 3 touchdowns. Troyal Burris had 2 carries for 7 yards. Chris Cox had 6 carries for 38 yards, and 2 touchdowns. Luke Schippers had 1 reception for 6 yards.

Indians Finished Night Early Against Knights

By Luke Schippers

The Hoxie Indians racked up their second win Friday night, winning 46-0 at half time against the Lakeside-Downs Knights.

The Indians won the toss and elected to receive. The returned the ball to their own 36-yard line and started their first drive from there. Senior running back Latham Schwarz muscled his way in for the touchdown and rushed in for the two-point conversion, putting the Indians up 8-0. The Indians forced a punt on the Knights' first drive and got the ball back at their own 30. Schwarz ran a 45-yard touchdown in and then dove over a defender for the two-point conversion. The Indians now led 16-0. The Indians forced another punt on the Knights and started their third drive on the Knights 35-yard line. Senior Taylor Burris caught a 35 yard touchdown pass from junior Jared Kennedy, and the two-point conversion was no good. The Indians held a 22-0 lead and it stayed that way the end of the first quarter.

In the second quarter, the Indians forced a turnover on downs, getting the ball back in

Knight territory again at the 35-yard line. Schwarz rushed for another touchdown and also rushed the two-point conversion in. This score put the Indians up 30-0. The Indians defense held again, forcing another punt, and started the drive on their own 28-yard line. Kennedy threw an interception, intended for senior tight-end Luke Schippers. Senior cornerback Troyal Burris then returned the favor, giving the Indians the ball back on the Knight's 33-yard line. Junior wide receiver Logan Weimer caught a touchdown pass from Kennedy, and Schwarz rushed in for the two-point conversion. The Indians now held a 38-0 lead. The Indians forced another punt which led to another touchdown, run in by senior Chris Cox. Cox also ran the two-point conversion in. The Indians now lead 46-0. The Indians forced a punt and ran the clock out to end the game at half time. The Indians are now 2-0 on the season.

The Indian defense held strong all night, putting the Knight's on the negative side for total yards allowed. The Indians

will travel to Wallace County on Friday to face the Sharon Springs Wildcats, who are 0-2 so far this season.

Pulling down an interception is senior Troyal Burris #5 in Friday's Homecoming game with Lakeside. The Indians won 46-0 at halftime. (HHS courtesy photo)

JH Cross Country Competes at Tribune

By Tom Friess

The Hoxie Junior High went to Tribune on Saturday, Sept. 9 for their second outing and had a fairly successful meet. Both seventh and eighth graders competed in a one-mile race together, but were awarded places based on their grade.

Drew Bretz raced to a fifth place overall finish and was followed into the chute by Drew Bell. Both of their times were good for third place medals in their respective divisions. Ethan Weiner and Adam Heim also followed each other into the chute and medaled in ninth and tenth place.

The boys ran well after getting "pushed" to the outside at the start. This means they had to correct the line they wanted to run to the first turn and cost them a few yards. They ran exactly how we planned after that, but the Drews just could not quite re-establish contact with the lead pack. Ethan and Adam struggled a little on the uphill portion, but were still able to finish strong. They all continue to gain experience and recognize what they need to do to get better.

Seventh Grade: Drew Bretz - third place, 6:11

Eighth Grade: Drew Bell - third place 6:18; Ethan Weiner - ninth place 7:16; Adam Heim - tenth place 7:24

Lady Indians Beat Sainty, Goodland

By Rebekah Castle

In Lady Indian volleyball, the Indians took on St. Francis and Goodland Aug. 29. The triangular took place on the Indians' home court and had a little different outcome than the last one.

The first match for the varsity team was against the St. Francis Indians. Both Indian teams battled hard for three straight sets but Hoxie was the winner of the match. The score of match one was 17-25, match two 25-20, and match three 25-21.

The Hoxie Lady Indians' second match of the night was against the Goodland Cowboys. Once again, the two teams went into three sets, and once again Hoxie came out on top. The winner of the first set was Hoxie with a score of 25-23; winner of

the second set was the Cowboys with a score of 14-25; and finally, the winner of the third set was the Hoxie Indians with a score of 25-17.

Down at the Hoxie Grade School, the JV and C-team games were looking good as well. The first match for the Indians was against Goodland. The Indians rounded out that match in two sets and were able to go on and beat St. Francis as well.

The score of the first Goodland set was 25-16, the second set score was 25-12. The scores of the St. Francis match were as follows; 14-25, 25-21, 16-14.

The C-team also took on the Goodland Cowboys and ended the night with a win. The scores of their game were 25-20 in the first set and 25-14 in the second.

Lady Indians Go 1 and 1 in Season Opener

By Rebekah Castle

Friday, Aug. 25 was the first day of volleyball games for teams all around northwest Kansas. On the home court at Hoxie High School, three teams competed, Hoxie, Wheatland/Grinnell, and Decatur County. The Lady Indians beat Oberlin, but lost to Wheatland/Grinnell.

The first match started out with Hoxie and Decatur

County. Winning the first set was Decatur County with a score of 18-25. Rounding out the second set on top was the opposing team, the Hoxie Lady Indians, with a score of 25-22. After settling on a third set, the Lady Indians came out on top once more, winning the match with a score of 25-18.

The third match was between the home team the Hoxie Lady Indians and the Wheatland Thunderhawks. Battling for the win of the first set, each team played their best, but Wheatland came out on top with a score of 20-25. After losing the first set, the Indians grabbed the win of the second set with a score of 25-21. Finally ending the match, the Wheatland/Grinnell Thunderhawks won the third set with a score of 18-25.

While the action at the high school was going on, the junior varsity and C-team games were played at the grade school. The first match took place between the Indians and the Red Devils. Playing three matches but not quite coming out on top, the Indians were defeated by the Red Devils with the first match 20-25, second match 25-23, third match 13-15. The team's second match was against the Wheatland/Grinnell Thunderhawks. The Lady Indians had to battle through each point but unfortunately, fell short of a win once again. The C-Team also played on Friday against the Thunderhawks, but much like their other teammates, they too fell short of a win against Wheatland/Grinnell.

The Lady Bulldogs traveled to Winona to face Triplains/Brewster on August 31 for three games. They came home with all wins.

The A-team started the night off with a close set, losing 23-25. They came back determined to win and took the second set 25-21. The Lady Bulldogs won the final set 15-6. "We need improvement," said Kassie Miller, 8th grade, "but the season should be fun!"

The B-team girls were excited and ready to play! They came out and took the first set 25-8. They never let up and won the second set 25-4. "It took us a while to adjust," Lauren Patmon said. "We played very good for the first game of the season," added Jazline Manriquez. "We played well as a team."

For the final game of the night many new girls stepped on the court for the first time in the C-team game. The Lady Dogs closely battled the Titans in the first set winning 17-15. The girls won the second set 15-6 with Valentina Bermudez serving 15 straight serves. "It was so fun having her serve so many in a row!" Valeria Ortiz exclaimed. "It was a lot of fun!" added Mia Rogers, "I am ready to play again next week!" The Bulldogs will host the Northern Valley Huskies for their first home games on September 7.

Golden Plain Welcomes New Students

Golden Plains High School welcomed 8 new students this fall including: (front) Larry Radovich, Analaxia Cruz, Victor Parra; (back) Josh Spresser, Harley Weese, Tanner Trussel, Darci Lowe, and Leslie Chavez. Each student is a welcome addition to the GPHS family. (Photo by Judy Rogers)

By Charlotte McCurdy

This year, Golden Plains has acquired thirteen new students in the middle school and high school. The middle school has five of the thirteen new students with three in the seventh grade and two in the eighth grade. The high school has the remaining eight students.

The three new seventh grade students are Sanjuanita Cruz, Morgan Durham, and Kloie Jones. Kloie Jones plans on participating in basketball and volleyball this year. When asked what Jones' hopes were for the 2017-2018 school year she replied, "My hopes are to get good grades and meet new friends." Sanjuanita Cruz also plans to be in volleyball and basketball, along with track. The two new students entering eighth grade are Marielena Cruz and Britton Knowles. Britton is doing volleyball, basketball, and track and both girls will be GPMS Cheerleaders.

In the high school there are

two incoming freshmen, Tanner Trussel and Darci Lowe. Tanner plans to be active by participating in football, basketball, track, the all-school play, vocal, and band. Harley Weese is the only new sophomore this year. He plans on doing football, basketball, and track.

The Juniors welcome Analaxia Gomez and Josh Spresser into their class this year. "I like that the staff and students are very welcoming," said Analaxia, "The teachers are very laid back and chill." Josh plans to be involved in FFA, football, basketball, and track this year.

Last but not least, the Seniors said hello to three new students, Larry Radovich, Leslie Chavez, and Victor Parra. Larry left GP in the seventh grade and has decided to return to finish out his high school career at Golden Plains. "School is the embodiment of ALL things social in my life," said Radovich, "I am enjoying the social aspect of GP."

Bulldogs Win Season Opener

By Judy Rogers

The Golden Plains Bulldogs won their season opener on their home field over the Natoma Tigers on September 1. The Bulldogs, in their second year of six-man football, ended the game with a 58-13 final score early in the fourth quarter.

"It was a great way to start our season," said Coach Travis Smith. "We won 58-13, but most importantly we were able to get a lot of kids playing time tonight."

The 'Dogs won the toss and elected to receive. Junior Dylan Spresser carried the ball to a first down, but the Tigers recovered a fumble to gain possession. They attempted to pass, but coverage from Spresser gave the 'Dogs the

ball.

The Bulldogs also took to the air and connected several passes from sophomore quarterback Harley Weese to junior Caleb Korte to move the ball down field. Weese ran in the Bulldogs first touchdown of the night halfway through the first to give the 'Dogs a 6-0 lead.

The home team defense forced the Tigers to punt the ball back to the 'Dogs. On the first play of the series, Weese connected with Korte once again who ran 50-yards for the second TD of the game putting the 'Dogs up 12-0.

The Bulldogs defense continued to hold tight with a big tackle from junior Nolan Ritter behind the 10 forcing the Tigers to punt. The punt was downed on the 1-yard line. Spresser rushed through the line to tackle the Tigers for a safety putting the 'Dogs up 14-0 with just over a minute remaining in the first.

Back on offense, Spresser caught the ball and ran in for a touchdown at the first quarter buzzer, but the score was called back due to penalty to leave 14-0 on the scoreboard going into the second.

The Bulldogs didn't rest on their early lead as they continued to hold the Tigers on defense. With pass coverage from freshman Rolis Loya and team tackles from Korte and Spresser, the Tigers could not advance. Weese and Korte continued to connect on passes allowing Spresser to run in a first down before plowing through the line to cross the goal. Junior Josh Spresser ran in the first successful conversion to give the 'Dogs a 21-0 lead.

Defensive tackles from freshmen Wade Rush and Tanner Trussel left no mistake that these boys came to play as they stopped the Tigers once more. Korte then ran in another Bulldog score for a 27-0 lead. Another score came for the Bulldogs with an easy catch in the end zone by Nolan Ritter for a 33-0 lead with two minutes until half.

The Tigers weren't giving up

Hansen Scholarships are the top item for seniors right now. Those taking the test will be doing so Sept. 13 at Colby CC, but *any senior* that is attending a two-year or less program can apply for the Hansen Career-Technical Scholarship. And it is worth \$4000, renewable for a second year.

Last year Brett Gerbitz received a Hansen CT in a second wave of awards in the summer. At Rawlins County, three students received scholarships from the Hansen test and interview last year, but no one received the Hansen CT, which in many cases is worth more money. Do not miss this opportunity.

The Fort Hays State admissions rep will be at Golden Plains on September 28 during Seminar. Seniors interested in becoming a Tiger should touch base, as should interested juniors.

The ACT deadline for October 28 ACT is September 22. Go to actstudent.org to register.

Bethany College (Lindsborg) offers teacher education, art, music, business, biology, criminal justice, and many other practical majors, as well as creative inter-disciplinary programs such as Art Therapy and Sports Management. Job-placement rates are above 90% in most majors.

Bethany will host Senior Preview Day on October 13, and Art/Music/Theatre Audition Day on November 10. The latter will be important to scholarships in those fine arts. Call 800-826-2281 or go to www.bethanylb.edu for more info.

Did you know that Starbucks will pay 100% of your tuition in an Arizona State online program if you work for them? There are details to consider, but to find out more call 844-278-7289 or go to starbucks.co/collegeplan.

Prestigious schools such as Duke, Georgetown, Harvard, Penn, and Stanford want kids from rural areas (think scholarships) that are academically sound because they want diversity in their schools. To find out if this is an option for you, go to www.exploringcollegeoptions.org to find out more. These schools will host receptions in this general area around October 1, with the closet being in Wichita

on October 2. Call 316-283-1234 for more info on this particular information session.

Northwest Tech in Goodland has changed a lot in recent years. It still offers traditional programs like Diesel and Cosmetology, but also has unique programs such as Crime Scene Investigation, Precision Agriculture, and in-demand Respiratory Therapy. It also has 5 men's and 6 women's scholarship athletic programs. Find out more at www.nwktc.edu.

Butler Community College (El Dorado) has all the programs of a big school, but still has only 380 students living on campus in a cozy environment. BCC offers traditional tech school programs such as automotive and culinary arts, but also 75 programs for transfer to four-year schools. If you are into sports its football and softball are top-notch. Check it out at butlercc.edu.

Both of these schools will accept Hansen Career Technical Scholarships. It's a \$4000 scholarship that is renewable a second year. We have the paper application, or google Hansen Foundation and download application.

The Kansas State admissions rep for this area is Courtney Carlton. You can contact her at 785-532-1521, or at kstate1@k-state.edu.

Do you want to really focus on just art? The National Portfolio Day is a program to help you find specialty schools. At NPDA programs school officials will look at your art portfolio and give you feedback on educational opportunities across the country. The closest programs are at Denver on September 23, and Kansas City on October 28. Find out more at portfolioday.net.

The four juniors are KayCee Miller, Amanda Cheney, Noel Ritter, and Haley Miller. Sophomores include Karri Schaben, Mabel Lugo, Malilah Green, Candace Taylor, and Rileigh Korte. Brooke Stoll is the only freshman player. Managers include Charlotte McCurdy-senior, Emily Stoltz-sophomore, Ashely Stoltz-freshman, and Morgan Wark-8th grade. Head coach for the Lady Bulldogs is Orba Smith and assistant coach is Ashely Arnberger.

The girls started practices this summer, including a volleyball camp in July, in preparation for the upcoming season. "We've been working hard as a team to accomplish our season goals," said Maggi Nieman. "I'm most looking forward to improving as a team each match," added Jennifer Esparza.

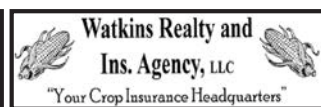

"We really have good expectations for this season," said Kaylie Schaben. "We already have good team unity and work really well together, so we're all really excited for this year!" The girls kicked off their season at the annual sports scrimmage on August 25, and they will travel to Brewster to face off against Triplains/Brewster and Logan on August 29.

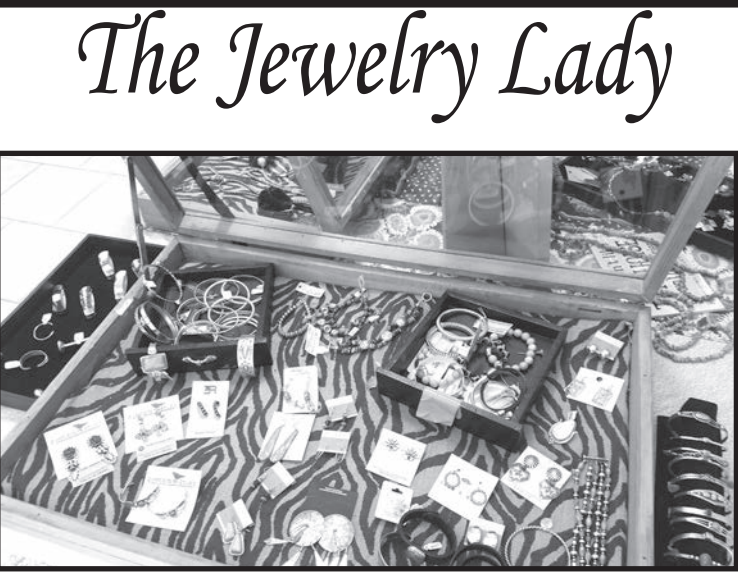

Golden Plains junior Dylan Spresser reaches forward for a few extra yards as he is tackled by a Natoma Tiger during the first game of the season. Spresser finished the game with 255 yards, 2 touchdowns, 7 tackles, and this safety as Golden Plains won their first game of the season over the Tigers 58-13. (Photo by Judy Rogers)

The Jewelry Lady

By Rachel Farber

Paulette Currier Kiker fell in love with jewelry in 4th grade. She purchased her first ring and was hooked. After graduating from Hoxie, she went to college at Fort Hays and University of Kansas to study exercise physiology. In 1989, she moved with her husband to Red River, New Mexico from Kansas City. Being in a resort town, they both worked several different jobs in town until she purchased The Jewelry Lady and Frye's Old Town.

The Jewelry Lady is a busy trading post. Most of the jewelry inventory comes from the local Navajo and Santo Domingo families. Paulette has received invitations to enjoy feasts with them on occasion. In the slower, winter season, she travels to different places for trade shows. Last week, she was

in Hoxie at Marilyn Rogers home with many of the items for sale. She will also be at the National Finals Rodeo in Las Vegas.

The Jewelry Lady stated, "We have lived in Red River for over 30 years - we love the mountains and the high desert plains of Northern New Mexico. We both have come to embrace the diverse lifestyle that New Mexico offers - horses, skiing, hunting, small towns, and close friends. Running two small businesses, raising kids, marriage - everyday life - we are grateful to Jesus for keeping us in the palm of His hand."

To see Paulette's products, visit www.jewelryladyredriver.com, email her at jewelryladyredriver@gmail.com or find her on Facebook @jladredriver.

Fourth Class of Leadership KFB Application Deadline

Kansas Farm Bureau is now accepting applications for the fourth class of Leadership KFB through Oct. 1.

The year-long program focuses on creating influential thought leaders who will engage, create change and look for solutions, not only in agriculture, but also in counties and communities across the state.

"It is invaluable to have this program as part of my resources as I begin my own journey into the scene of agriculture," Jacquelyne Leffler from Lyon County, class three participant, says. "The program gave me a broader view of all the working parts of agriculture that I never thought about on a daily basis."

Six learning sessions are held throughout the state, including a capstone in Washington, D.C. The program helps participants gain understanding about their personal leadership style, as well as different approaches to problem-solving and conflict resolution. Training in communication skills ranging from public speaking to traditional and social media are also included along with opportunities to engage with leaders on important issues.

Applications and more information about the program can be found on the Kansas Farm Bureau website at www.kfb.org/leadershipkfb.

GOVERNOR'S CONFERENCE ON THE FUTURE OF WATER IN KANSAS

Registration is Open!!! The annual *Governor's Conference on the Future of Water in Kansas* will be held November 8-9, 2017 at the Hilton Garden Inn and Conference Center in Manhattan, KS.

Make sure you take a few moments to register as registration is limited and the conference sold out last year.

This is the sixth year for the conference and we are excited to feature new events. To build off the success of last year, there will be a Kick-off Reception Tuesday night, November 7. Based on feedback from previous conference attendees, Day One of the conference will be a slightly different format, and breakout sessions will be featured in addition to the Day Two concurrent sessions.

Day 1 of the conference will highlight the following themes:

- ❖ Water and Emergency Response
- ❖ Ag-Municipal Partnerships
- ❖ Changing Climate and
- ❖ Water Policy & Governance around the Nation
- ❖ Kansas Water Vision

In addition to the above topics, speakers will also focus on federal regulation processes, water infrastructure and EPA Administrator, Scott Pruitt has been invited as the keynote.

Nominations are now being accepted for the Water Legacy Award and Be the Vision recipients, and the KWO Photo Contest will be a feature again this year.

Visit: <http://kwo.ks.gov/news-events/governor-s-water-conference> to find the working agenda, registration, conference details, our sponsors and hotel information.

Registration deadline is November 1.

We appreciate our sponsors who help keep registration costs very affordable. We look forward to seeing you there!

KS Sheep Assoc. Hosts 2017 Shearing School

The 2017 Shearing School, where 16 students learn techniques of shearing sheep, will be Nov. 2-4 in Quinter. To register for the \$100 school, visit www.kssheep.com before Oct. 26.

This event is hosted by the Kansas Sheep Association.

John Deere Acquires Blue River Technology

John Deere announced Wednesday the acquisition of Blue River Technology. Based in Sunnyvale, California, Blue River Technology, has designed and integrated computer vision and machine learning technology that will enable growers to reduce the use of herbicides by spraying only where weeds are present.

Additionally, Blue River has been instrumental in the Department of Energy's Advanced Research Projects Agency-Energy sorghum research by doing the drone work to evaluate crop stress.

Already in 2017, Blue River Technology has been listed among Inc. Magazine's 25 Most Disruptive Companies, Fast Company's Most Innovative Companies, CB Insights 100 Most Promising Artificial Intelligence Companies in the World and the Top 50 Agricultural Innovations by the American Society of Agricultural and Biological Engineers.

"Managing Stress" Workshop at FHSU

The Management Development Center at Fort Hays State University will offer "Managing Stress and Burnout through Emotional Intelligence and Mindfulness" from 1 to 4:30 p.m. Tuesday, Oct. 17, in the Memorial Union's Stouffer Lounge on the FHSU campus.

The workshop, co-facilitated by Dr. Whitney Jeter, assistant professor of psychology, and Dr. Rose Helens-Hart, assistant professor of applied business studies, will teach participants about emotional intelligence and mindfulness - two topics that help manage stress and burnout. Attendees will have an opportunity to practice these strategies and explore how to integrate them into their daily routines.

Each person who completes the workshop will receive a completion certificate. The cost is \$119.

The Management Development Center at FHSU is recognized by the Society for Human Resource Management to offer professional development credits for SHRM Certified Professionals and SHRM Senior Certified Professionals. These programs are valid for professional development credits, for the certified professional, or senior certified professional credentials. For more information about certification or recertification, visit shrmcertification.org.

Registration is available at www.fhsu.edu/mdc. To learn more about this workshop or additional upcoming trainings, contact Hannah Hilker at 785-628-4121 or at hehilker@fhsu.edu.

Commission Minutes 8/28/2017

Now on this 5th day of September 2017, the Board of Commissioners, Sheridan County, Kansas met in regular session with Chairman Troy Dewey presiding. Others present were Joe Bainter, Vic Bielser and County Clerk Heather Bracht.

Bracht presented a letter of support for additional funding for the Sheridan County Hospital from the Hansen Foundation. Bielser made a motion to approve and sign the letter, seconded by Dewey. Carried 3-0.

Paulette Feldt, Road & Bridge Supervisor, entered the meeting. The board discussed the purchasing of another tractor. All tractors are being used and some projects are being put on hold. Hoxie Implement and BTI will be contacted and asked to come to the meeting on September 11. The board is not opposed to purchasing a slightly used or leased tractor. The board will discuss again the possibility of taking care of our own recycling. Feldt will have Dave Bingham, Landfill Operator, contact the center in the Hutchinson area about the program to see if there is anything specific Sheridan County would need to do to get in the program. An employee out from surgery was discussed. Bracht will get some clarification on the "no working" note received from the physician.

The minutes from August 28, 2017 were approved on a motion by Dewey and second from Bielser. Carried 3-0.

No further business, Bielser made a motion to adjourn, seconded by Dewey. Carried 3-0. The next regular meeting will be Monday, September 11, 2017 at the regular time and meeting place.

Attest: Heather Bracht,
County Clerk, Troy Dewey,
Chairman

Bernadine Cobb

Bernadine Cobb, born August 14, 1923, passed into eternal life on September 4, 2017.

Brenna is remembered with love by her children, Pam Lynch (Tim) and Mike Cobb (Mary), 6 grandchildren and spouses: Jennifer Shaw (Blake), John Cobb (Jennifer), Josh Lynch (Dana), Shannon Cossette (Adam), Justin Lynch (Jennifer), and Cayce Richardson (Tim); 14 great-grandchildren, and many nieces and nephews. She will be greatly missed by her sister, Elaine Kramer, brother, Laverne Mauck, and sisters-in-law Joanne Mauck and Shirley Mauck.

Brenna was preceded in death by her parents, Henry and Emma Mauck, husband, John K. Cobb, sister, Bonnie Czerenda, brother, Dr. Harold Mauck; and brothers-in-law Mike Czerenda and Robert Kramer. She grew up on the family farm near Hoxie, KS and later graduated from Axtell Hospital School of

Nursing. She earned a B.A. in Nursing and a Master's degree from Ottawa University in Kansas City, MO.

Bernadine devoted 32 years to St. Luke's Hospital, in Kansas City, MO, serving primarily as Patient Care Manager for prenatal, gynecological and pediatric nursing. She loved "her babies" and worked tirelessly for them and their families. Brenna's life was full and rewarding. She worked hard, accomplished much, and left a strong legacy for a grateful family that will remember her with immense affection and respect as "Mom," "Sis," "Nana," "Granna-Nana," "Aunt," and "friend." Shortly after her 94th birthday, she joined her beloved husband in heavenly rest.

Thank you, Jennifer Moss of Kansas City Hospice for the care you gave Brenna and her family during this time. The Hoxie ties that both of you have gave her great joy.

at 3:31 pm.

Melanie Bishop entered the meeting to discuss an additional MLT position in the Lab. A motion was made to pursue filling the position with an MLT. 3-0

The Dane G. Hansen Foundation approved the grant submission in the amount of \$9,980 for the facility security cameras. An intercom/video system for the ER entrance would also be beneficial for patient and employee safety and will be pursued with facility funds.

Dane G. Hansen awarded \$60,000 for the Lab Biofire equipment. The application was submitted for \$90,000 and the hospital had a 10% match for total of \$100,000. Equipment provides results within one hour versus the current 4 to 5-day turnaround for antibiotic patient care. A motion was made to accept the Dane G. Hansen award and fund the remainder with Gifts & Bequests funds. 3-0

Leanna entered the meeting at 3:48 pm.

The SCHC 8th Annual Benefit Golf Tournament will be held August 18, 2017. It is recommended to use funds for the purchase of the PT computer cart and interactive ER security system. A motion was made to approve the ER security system purchase. 4-0. A motion was made to

approve the purchase of the PT cart with funds from the Golf Tournament. 4-0

Learning About Hispanic Heritage

I love flying over our beautiful country and seeing all kinds of families doing things together. On this page we celebrate families of Hispanic heritage. We learn about how they have shaped the history of the United States. People of Hispanic heritage have come to the U.S. from countries such as Puerto Rico, Cuba, Mexico and other parts of Central and South America. They may speak slightly different versions of the Spanish language, and possess a range of identities and cultures, but they have one thing in common – they are part of the American story!

Can you read the clues to identify these Hispanic Americans?

- Antonia Coello – the first Hispanic U.S. Surgeon General; also the first woman to hold the position
- Cesar – went to many elementary schools while traveling to farms with his family to work; he started a labor union to get fair wages, better housing and to improve other conditions for farm workers
- Oscar – won a Pulitzer Prize for Fiction (1990) for his novel *The Mambo Kings Play Songs of Love*
- Alex – youngest major league baseball player to hit 600 home runs
- Ellen – first female Hispanic astronaut
- Susana – Governor of New Mexico, born in Texas; family of Mexican heritage
- Prudencio and Carolina – began a company called Goya, producing Hispanic foods; the largest Hispanic-owned food company in the U.S.
- Luis Walter – won the Nobel Prize in Physics (1968); he and his son declared that the mass dinosaur extinction was caused by a meteor impact
- Rita – first Hispanic actress to win an Oscar
- Nancy – great woman golfer; got first set of golf clubs at age 8

Uh-Oh! This can't be good...

Am I not just the cutest puppy you've ever seen? Do you know what kind of dog I am? We originate from Mexico.

Native Countries

Can you find and circle the countries that people of Hispanic heritage come from?

If you see a Hispanic heritage celebration at your community center or in your neighborhood, be sure to join in the fun. You may smell – and want to taste – a delicious dish called *paella*. It is a Spanish dish often made of simmered rice, chicken, chorizo (Spanish sausage), scallops, shrimp, tomatoes, green beans and other vegetables and spices: saffron, garlic, parsley, salt. Every chef puts his own twist on it! You may hear *Mambo* music playing at the festival. This music developed originally in Cuba. Fill in the missing vowels to name two mambo instruments:

- This is the tumbadora or Conga dr_m.
- Some people call this mambo bell the "c_w_-bell"

Borrowed Words!

About 40 million Americans speak Spanish at home. The majority of these people also speak or are learning English too. The words below came into the English language from words in Spanish. Some of them were originally words that the Spanish adopted from Native American words. Match each word to its definition:

- mosquito
- cafeteria
- chocolate
- poinsettia
- canoe
- burro

- tropical plant, red leaves; Christmas decoration
- this female pest's bite will leave you itching
- strong, surefooted; sometimes used by people to carry items that are heavy
- treat made from roasting, grinding cacao beans
- light, narrow boat with pointed ends (Native Americans made them from tree trunks)
- place where one selects a meal, carries it on a tray to table

- hurricane
- manatee
- canyon
- barbecue
- rodeo
- chihuahua

- event where cowboys ride broncos, compete in roping animals
- powerful, twisting storm, comes off the ocean
- small, Mexican dog, very little hair, barks a lot
- "Sea Cow," large, endangered water mammal
- deep valley, cliffs on sides, often a stream in it
- a fireplace used for cooking meat, or a gathering where meat is cooked on one
