Dr. Gaede: Caring for Neighbors When it Matters Most

In a rural setting like Sheridan County, access to healthcare isn't just about convenience, it can be the difference between getting care in time or waiting hours to be seen.

For Dr. Gaede, that reality is what makes his work at AmberMed so meaningful.

Born and raised outside of Hoxie on his family's farm/ranch, Dr. Gaede returned to western Kansas after completing medical school and residency. He joined AmberMed in 2023 and now cares for patients in the same community where he grew up.

"The road of life led me back," he said.

What he values most about practicing in a rural setting is the continuity of care.

"I get to care for patients through every stage of their health," he said. "From managing chronic conditions to helping them recover when they're sick or injured."

That connection often spans generations. As a family medicine physician, Dr. Gaede has cared for multiple members of the same families.

"On the same day, I might care for a grandparent in the morning and their grandchild in the afternoon," he said. "You're not just caring for patients—you're caring for neighbors."

That community connection also shapes how care is delivered. Because many patients would otherwise need to travel for hours to see a specialist, Dr. Gaede and the AmberMed team work to provide as much care as possible locally.

"We manage a wide variety of conditions right here," he said. "We do as much as we can before referring patients, because we know traveling for care can be difficult."

In emergency situations, that proximity can be critical.

"Time matters," he said. "Having care close to home can make all the difference."

Dr. Gaede credits the AmberMed team for creating a strong, patient-centered environment.

"Everyone here is focused on what's best for the patient," he said. "That shows up every day."

His message to Sheridan County is straightforward: "We're here for you. You can trust that we'll listen, care, and do everything we can to help."

Kelsey Epp New SCCF Executive Director

By Kelsey Epp, Executive Director, Sheridan County Community Foundation

Hoxie - The Sheridan County Community Foundation (SCCF) Board of Directors is pleased to announce the appointment of Kelsey Epp as the organization's next Executive Director, effective March 28, 2026.

Epp will succeed Karl Pratt, who has served as Executive Director and helped guide the Foundation through a period of significant growth, community investment, and organizational development. The Board selected Epp following a thoughtful transition process and is confident in her ability to continue advancing SCCF's mission of strengthening Sheridan County through charitable giving, leadership, and community partnerships.

"Kelsey brings a deep commitment to our communities, strong leadership skills, and a passion for serving others," said the SCCF Board Chair, Jason Weimer. "The Foundation Board is excited to welcome her into this role and look forward to the vision and energy she will bring to the Foundation's future."

As Executive Director, Epp will oversee the Foundation's charitable funds, donor relations, grantmaking programs, community initiatives, and strategic partnerships. She will work closely with donors, nonprofit organizations, local leaders, and volunteers to support projects and programs that improve quality of life throughout Sheridan County.

"I am honored to serve as the next Executive Director of the Sheridan County Community Foundation," said Epp. "SCCF has a strong history of supporting local causes and creating opportunities for our communities to thrive. I look forward to building on that foundation, working alongside our donors and partners, and helping create a lasting impact for future generations."

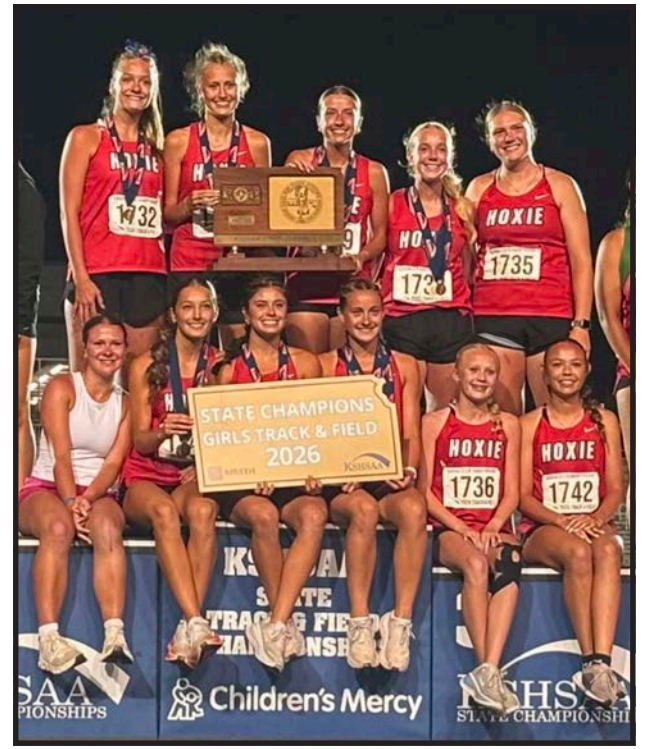

SCCF manages charitable funds established by individuals, families, businesses, and organizations who wish to invest in the future of Sheridan County. Through grants, scholarships, and community leadership initiatives, SCCF helps address local needs and support long-term community development.

The Board of Directors extends its gratitude to Pratt for his dedicated service and leadership and looks forward to supporting Epp as she begins her tenure.

For more information about the Sheridan County Community Foundation, visit www.growsheridancounty.org or contact the Foundation at director@growsheridancounty.org.

SCCF is an affiliate of the Greater Northwest Kansas Community Foundation based in Bird City. The foundation seeks to encourage, prudently manage, and distribute charitable contributions to improve the quality of life for Sheridan County residents, now and in the future. To learn more, contact Epp at 785-677-5090, director@growsheridancounty.org, or visit www.growsheridancounty.org. Connect with SCCF at www.facebook.com/sheridancf.

Hoxie Dominates at State Track

(HHS photo)

By Amanda Cheney

After several storm delays, the Hoxie girls' track team received its back-to-back 2A State Championship trophy around 1am. The 2026 KSHSAA State Track Meet was held in Wichita at Cessna Stadium on May 29-30, and Hoxie took 19 qualifying events, 5 coming from the boys' team and 14 from the girls'.

Individual events are where Hoxie truly thrived at State this year. Sophomore Camryn Gourley qualified in four events, all of which she holds the Hoxie school records, and now holds the 2A state meet record for two.

Gourley's performance in the 100m hurdles was outstanding, earning a 1st-place finish with a time of 14.41 and capturing the State meet record. Her prelim run in the 100m dash broke the state record with a time of 12.02 on Friday; in Saturday's finals race, Gourley earned 3rd place overall. Her success in her final two events, the 200m (4th place) and the 300m hurdles (5th place), helped secure points for the team championship.

Senior team members also led the way in multiple events. Madi Meier also broke the Hoxie school record in one of her individual events; her 400m dash earned her 7th place overall. Meier also competed in the 200m dash where she earned 6th place with a new PR. Taegan Lindenman competed as an individual in the 3200m run, where she earned an 8th place finish. Michael Haffner competed in the 3200m with a 4th place finish, and broke the HHS record for his 1600m performance, earning himself a 3rd place finish.

Other competitors for the Hoxie teams helped contribute both team points and energy to the long, successful weekend. For the girls, Emma Schamberger competed in long jump, where she earned 5th place, as well as triple jump where she ended in 7th place. Harper Mauck also qualified in triple jump and earned an impressive 4th place finish. Junior Kendall Baalman qualified for javelin for the third time in her high school career, and she earned 8th place. Also in the throwing events, sophomore Jaylen Herl qualified for State for the second year in a row in discus, and she earned 10th place overall. For the boys, senior Javon Kachel competed in discus, where he ended his high school career as 18th overall. Sophomore Noah Nickelson rounded out the individual boys' competitors in javelin, and he earned 10th place.

Hoxie Golf Course Cart Path Project Completed

The cart path project on holes 7 & 8 has officially been completed!

Funding for both paths was generously donated by Rick Fleenor in memory of his wife, Marisa (William) Fleenor. The staff and members are incredibly grateful for this meaningful contribution to the golf course.

Sand Creek Concrete and Kyle William provided discounted concrete, and to the City of Hoxie assisted with blading and preparing the paths.

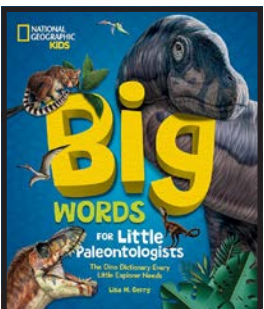

"A special thank you as well to the individuals and businesses who donated their time, labor, equipment, and support throughout this project: Weston Bainter, Jim Erwin, Kevin Robbins, Chuck Eberle, Fred Washburn, Chris Heim, Colin Heim, Dan William, and Campbell Concrete Construction. We truly appreciate everyone who played a part in helping make this improvement happen for the course."

Flyboy Car Show Winners

Winners of the Flyboy Car Show held Sunday, May 24, were People's Choice: Harold Bellerive with a '61 Chevy Bubble top; City of Morland Award: Pam & Alex Silos with a '67 Chevy Chevelle; and a Miscellaneous Award of a Metric Socket and Ratchet Set went to Bryce Critchfield. The Selden Senior Citizens met on Thursday May 28, at the Community Center for a good meal prepared by Gloria Goscha of Midway Cafe followed by an afternoon of pinocle. Those enjoying the day included Marge Wison, Helen Carman, Barb Jones, Carol Guest, Betty Hickert, Ellis Walker, and Steve Skubal. Those staying to play cards were JR Albers with a score of 681, Bob Wessel with a score of 511, Jacque Boultinghouse with a score of 667, Boyd Wilson with a score of 632, and Rose Bainter with a score of 495.

Symphathies go out to the family of Carlene Childs. She passed away on May 7, 2026, and lived in Olathe. She was preceded in death by her husband Gerald Childs and is survived by two daughters, Leslie Giarraputo of Overland Park, and Laurie Turner of Liberty, MO.

Birthdays & Anniversaries:

- June 4: Bob & Pat Wessel, Travis & Jodi Ryburn
- June 5: Steve & Judy Rogers, Chris & Robynn Wessel
- June 8: Randy Sulzman
- June 9: Barbara Nelson, Beau Korte, Marci Stickle
- June 10: Ryan Shaw

Combat "Summer Slide" and Screen Fatigue with Free Outdoor STEM Lessons

Louisville, KY – The TurfMutt Foundation, which advocates for the care and use of backyards, public parks, school yards and other green spaces, reminds parents and guardians of its free educational resources designed to entice kids away from their screens and into the green space around them this summer.

The TurfMutt Foundation offers downloadable activity guides, interactive lesson plans and outdoor exploration challenges tailored for children in grades K-8. These hands-on lessons are rooted in STEM standards and encourage kids to engage with the "outdoor learning labs" of their backyards and community parks.

Families can watch a quick "Mulligan Minute" for inspiration before heading outside to start their own exploration. See the latest segments from CBS Lucky Dog at <https://www.turfmutt.com/education/videos>.

The TurfMutt educational suite includes lessons on:

- Environmental Superpowers: Understanding how green space produces oxygen, combats heat islands and traps carbon.
- Bio-Mapping: Identifying and charting local flora and fauna to understand neighborhood diversity.
- Rain Gauging: Tracking rainfall patterns to understand drought and water conservation.
- Wildlife Support: Learning how backyard biodiversity helps ecosystems thrive and supports pollinators.

About the TurfMutt Foundation

TurfMutt, founded in 2009, was created by the Outdoor Power Equipment Institute's (OPEI) TurfMutt Foundation and has reached more than 70 million children, educators, and families in that time. More information at <https://www.turfmutt.com/>.

Grinnell After Harvest Festival

Just a quick note that the plans for the Grinnell After Harvest Festival are coming along. The dates are July 17 & 18, with the Cow Paddy 4-person scramble on Sunday, 19th.

Friday night will again be a great band sponsored by NWKS Radio. This year the band is

Smokin' J's from Kansas City. There will be a pulled pork supper from 6 - 8 and then the band plays.

Saturday will be the usual 5 K Run/Walk by the Alumni Assn. Breakfast in the Park by and for the GP3 group from 8-10, while we watch the Motorcycle Poker Run take off at 9:00. There will be a Farmers Market in the Fire Station from 9 til 2. The Parade line up will be at 10:00 along the Pathway Ag road east of town. The Parade will be at 10:30, and afterwards all the games will be played in succession, starting with the Kiddie Tractor Pull. A great Harvest Fest Show & Shine will be from 11 to 5 PM on Main Street. Lunch will be hamburgers, beans & chips with free will offering for the Harvest Fest.

There will be an afternoon Water Slide for the kids, a softball tournament to watch, and many games for young and old. From 4 to 6 will be a Bounce House, and Laser Tag. The Iron Order Motorcycle Club will serve supper from 5 to 8, while the Corn Hole Tournament gets going, and after that the Dart Tournament. Stay for Music by DJ Doug, and then the Fireworks show at 9:45. It will be a full day of fun, so mark your calendars for July 17 & 18th at the City Park in Grinnell. For further info, call Leona at 785-672-1201.

Volunteers Needed to Help Track Kansas Bumble Bees

Pratt – The Kansas Department of Wildlife and Parks (KDWP) is seeking volunteers to help protect Kansas bumble bees for the fifth year of the Great Plains Bumble Bee Atlas. The Bumble Bee Atlas is a community science project that trains volunteers to survey and document bumble bees and their habitats across the Great Plains.

With pollinator declines accelerating, the Bumble Bee Atlas gives people a way to take action conserving bumble bees. Training is available for anyone interested in getting involved.

The Bumble Bee Atlas is a nationwide effort spanning 21 states, where trained community scientists help researchers document bumble bees and the habitats they use. The data collected helps researchers, state and federal agencies, and policymakers better support these important pollinators.

Over the past four summers, Kansas participants have identified six bumble bee species, two of which are considered at risk of extinction. Since 2022, participants have recorded 2,300 bumble bees and conducted 263 surveys across the state.

This year, the Xerces Society for Invertebrate Conservation and KDWP will host both online and in-person training events in May and June. The goal this summer is to survey unsampled areas in Kansas, particularly prairie habitat in the western part of the state.

"All you need to become a volunteer is an interest in pollinators and the ability to spare a couple of weekends between June and September," said Katie Lamke, a conservation biologist for the Xerces Society. "We especially need volunteers who want to explore sparsely populated areas like the western prairies, where we have less information about bumble bees."

To learn how to do bumble bee surveys, volunteers can watch the most recently recorded online training, review the project handbook, and attend one of the in-person training sessions. The in-person sessions provide hands-on experience with the project methods, including swinging a net and photographing bumble bees.

The two in-person training events will be held on June 6 at the Tallgrass Prairie National Preserve and on June 7 at the Sandsage Bison Range Wildlife Area. The events are free, but preregistration is required. Visit [BumbleBeeAtlas.org/pages/events](https://www.bumblebeeatlas.org/pages/events) to register. Participants are encouraged to view the recorded online training webinar, available on the Xerces Society's YouTube page, before attending an in-person training session.

"We are excited that the Great Plains Bumble Bee Atlas is continuing in Kansas for the next two years," said Diedre Kramer, wildlife diversity coordinator for KDWP. "This is a great opportunity for volunteers to get out and appreciate the wild spaces we have in Kansas while also providing valuable information that will help inform conservation efforts in the future."

To stay informed about the progress of the Bumble Bee Atlas, sign up for the mailing list and connect on Facebook and Instagram (@bumblebeeatlas). For more information about the Great Plains Bumble Bee Atlas project, visit <https://www.bumblebeeatlas.org/great-plains>.

This project has been financed, in part, through the State Wildlife Grant Program under Grant #F25AF00897 from the Fish and Wildlife Service, a division of the United States Department of the Interior, which is administered by the Kansas Department of Wildlife and Parks.

Before the world gets loud... before the stress hits... before the rush steals your peace... sit with God for a minute. Because life just feels different when your soul wakes up before your worries do.

Kansas Archeological Training Program Field School Returns!

Russell – The Kansas Archeological Training Program (KATP) Field School begins on June 4th, offering the public enthusiasts the unique opportunity to explore Kansas history through hands-on archeological excavation, educational workshops, and public programs.

Hosted annually by the Kansas Historical Society in partnership with the Kansas Anthropological Association, the KATP Field School allows participants of all ages and skill levels to work alongside professional archeologists as well as experienced avocational archeologists to uncover and document Kansas' past. This year, participants will be excavating a variety of sites in Russell including a petroglyph carving, a possible tipi ring site, a historic farmstead, a historic schoolhouse, a two-story stone structure, and a site related to World War II Army Air Force history. Most of these sites have never been previously documented or researched, and survey work in the field could discover more sites.

In addition to excavations, the field school includes a variety of presentations, programs, and other workshops providing attendees with the opportunity to hear from experts about preservation efforts across the state and other archeological discoveries.

Events Include:

- 6/4 - 6/15 - Russell - Kansas Archeology Training Program Field School (KATP)
 - 6/5 - Russell - KATP program - Deines Cultural Center - 7 to 8 p.m.
 - 6/6 - Hays - KATP Evening Tour of Fort Hays State Historic Site - 7 to 9 p.m.
 - 6/7 - Russell - KATP Certification Program Meeting - 7 to 8 p.m.
 - 6/8 - Russell - KATP Fossil Station Museum and The Avenue of History - 7 to 9 p.m.
 - 6/9 - Russell - KATP Kansas Anthropological Association Executive Meeting - 7 to 8 p.m.
 - 6/10 - Russell - Kansas Archeology Lab and Field Work Tours - 2 to 5 p.m.
 - 6/10 - Russell - Register of Historic Places Workshop - 8 a.m. to 5 p.m.
 - 6/10 - Russell - KATP Presentation "From Early Naturalists of the Plains to the Sternberg Fossil Lab" - 7 to 8 p.m.
 - 6/11 - Russell - KATP Presentation "Petroglyphs of the Kansas Smoky Hills" with Rex Buchanan - 7 to 8 p.m.
 - 6/12 - Russell - KATP Presentation "Walker Army Airfield and the Battle of Kansas" - 7 to 8 p.m.
 - 6/13 - Russell - Kansas Archeology Lab and Field Work Tours - 2 - 5 p.m.
- Registration for the KATP Field School has closed, but all other programs are open to the public. For more information, program schedules, and event details, visit kansashistory.org or contact us at 785-272-8681.

PUBLIC SERVICE ANNOUNCEMENT

In an effort to streamline the call process with calls for service the Hoxie Police Department phone number has changed to 785-675-3481. This will ring you into Sheridan County Communications as they already dispatch for the police department. This will allow trained dispatchers to take your information/complaint and dispatch the police department to you. This will also provide 24/7 phone coverage when the City Office is closed. As always, the Hoxie Police Department is here to serve you and assist with any issues you may have.

Colby Volleyball Hosts July Camps

Colby — The Colby Community College volleyball program will host two youth camps in July at the Colby Event Center for students entering grades 5 through 12. Instruction will be led by head coach Carey Jones and CCC volleyball players. All campers will receive a Trojan volleyball T-shirt.

The middle school camp for students entering grades 5 through 8 will be held July 7-8. Participants will focus on fundamental skill development, including passing, setting, serving, and serve-receive, and will also be introduced to hitting and blocking techniques. Athletes will participate in competitive drills and controlled gameplay designed to build confidence and improve understanding of the game. The registration fee is \$125 for overnight campers and \$100 for commuters, both of which include meals.

The high school overnight skills camp for students entering grades 9 through 12 will be July 9-10. Registration is \$125 for overnight campers and \$100 for commuters. The camp will feature advanced training, including position-specific instruction, faster-paced drills, and an emphasis on strategy, systems, and court awareness. Athletes will refine key skills while competing in game-like situations.

Camp registration forms can be downloaded at colbytrojans.com. For more information, contact Jones at (785) 269-7728.

USDA Launches Great American Cotton Plan to Revitalize the Cotton Farm Economy

Washington, D.C. - U.S. Secretary of Agriculture Brooke L. Rollins today announced the Great American Cotton Plan (PDF, 2.7 MB), a comprehensive USDA initiative to strengthen the cotton farm economy, restore domestic textile manufacturing, expand cotton trade opportunities, and increase demand for products made with American-grown cotton.

“Since 1607, cotton has helped build and sustain rural America. Our farmers grow some of the highest-quality cotton in the world, but over the last several years America’s cotton growers have been crushed by rising costs, unfair foreign competition, and a flood of cheap synthetic products. In 2023, we lost our status as the world’s top cotton exporter to Brazil. This change starts today,” said Secretary Rollins. “The Trump Administration is committed to ensuring American cotton once again becomes the fiber of choice with the Great American Cotton Plan — a bold effort to restore profitability for cotton producers, strengthen rural economies, rebuild domestic textile manufacturing, and bring American cotton back into the products families use every day. Supporting natural fibers like cotton also aligns with the Make America Healthy Again agenda as Americans grow increasingly concerned about microplastics and synthetic materials in everyday products. Cotton is natural, breathable, biodegradable, and proudly grown by American farmers — not manufactured from petroleum-based plastics that can shed microplastics into our soil, water, and bodies.”

The announcement comes as cotton producers face a fifth consecutive year of negative returns driven by rising input costs, trade distortions, and increasing competition from synthetic materials. As part of the plan, USDA will elevate the “Plant Not Plastic” initiative to encourage consumers to purchase products made with healthy natural American cotton fibers rather than synthetic plastic-based alternatives.

Cotton remains one of the most economically significant crops in the United States, supporting producers and rural communities. USDA estimates every \$1 generated at the cotton farm gate creates approximately \$15 in direct economic activity across related industries.

However, the cotton industry continues facing severe economic pressure. USDA forecasts producers could lose approximately \$2.6 billion across 9 million planted acres during the upcoming crop year. Since 1980, the number of U.S. cotton gins has declined from 2,254 to 446, while domestic textile production facilities have sharply contracted over the last two decades.

At the same time, nearly

Enrollment Period and Payment Rates for Specialty Crop Farmers

Washington, D.C. - U.S. Secretary of Agriculture Brooke L. Rollins today announced payment rates and the enrollment period for the Assistance for Specialty Crops Farmers (ASCF) program. The U.S. Department of Agriculture (USDA) will issue \$1.625 billion in payments to eligible specialty crop producers in response to elevated input costs and market disruptions resulting from foreign competitors engaging in unfair trade practices that impeded specialty crop exports. Producers who have a Login.gov account can access and submit their pre-filled application starting June 1, 2026. Producers who do not have a Login.gov account or prefer to enroll in person at their local Farm Service Agency (FSA) office can request their pre-filled application beginning June 8, 2026. The ASCF enrollment period closes on Aug. 7, 2026.

“The Trump administration continues to put Farmers First and is committed to ensuring the economic strength of our specialty crop operations as we continue opening new markets abroad and strengthening demand domestically for American produce,” said Secretary Rollins. “Building on the success of the Farmer Bridge Assistance program, we are using an expedited program application and payment process through the One Farmer, One File system to ensure specialty crop producers also receive the necessary financial assistance as quickly as possible, while we work to build a more robust market with lower input costs and more opportunities.

These payments are authorized under the Commodity Credit Corporation Charter Act and are administered by the Farm Service Agency (FSA). Specialty crop payments are intended to provide financial support to allow producers to pay for production and marketing inputs in the face of significant market disruptions during the 2025 growing season.

How to Apply

Pre-filled applications will be available online to producers with a Login.gov account who timely filed their 2025 crop acreage report for eligible specialty crops. Starting on June 1, 2026, producers who have a Login.gov account can access and submit their pre-filled application from fsa.usda.gov/ascf. Beginning June 8, 2026, producers can request their pre-filled ASCF application from their FSA county office.

The deadline to submit completed ASCF applications is Aug. 7, 2026. Producers can complete their applications online or submit them to their FSA county office.

Payments will be issued as applications are submitted and approved, beginning as early as the first week of sign-up.

Login.gov

Login.gov is the public’s one account for government. Producers can use one account and password for secure, private access to participating government agencies, including FSA.

To apply for ASCF online, producers can start by visiting fsa.usda.gov/ascf to create their Login.gov account. Producers who have an existing Login.gov account can work with FSA using their existing account.

With a secure Login.gov account, producers can be amongst the first to apply for ASCF, allowing them to view, complete, certify, and submit their application as well as track their application and payment status.

For assistance creating a Login.gov account, visit login.gov/help.

Eligibility

Specialty crop acres of eligible crops reported to FSA as an initial, double crop, repeat crop, or subsequent crop by April 24, 2026, will be used to determine ASCF program payments. Acreage that is reported as a cover crop, prevented planted, or with an intended use of grazing, left standing, green manure, silage, forage, volunteer, or experimental will not be used to determine ASCF program payments.

For a list of eligible specialty crops visit fsa.usda.gov/ascf. Specialty crops grown in a controlled environment are not eligible, except for mushrooms.

Crop insurance linkage is not required; however, USDA strongly urges producers to take advantage of the new risk management tools provided in the Working Families Tax Cuts Act, also known as the One Big Beautiful Bill Act, to best protect against future price risk and volatility.

Payment Calculation

FSA used national average revenue per crop as a metric for developing the ASCF program payment categories and payment rates listed below. For a full list of eligible crops under each category, visit fsa.usda.gov/ascf.

- Tier 1 - \$650 per acre
Includes eligible specialty crops with an average annual revenue of more than \$10,000 per acre.
- Tier 2 - \$225 per acre
Includes eligible specialty crops with an average annual revenue of more than \$2,300 per acre and up to \$10,000 per acre.
- Tier 3 - \$65 per acre
Includes eligible specialty crops with an average annual revenue of up to \$2,300 per acre.

- Beans and Peas - \$25 per acre

Includes all types of beans and peas that were not eligible for the FBA program.

For more information on how revenue per acre was calculated, visit fsa.usda.gov/ascf.

The ASCF payment limitation is \$250,000.

More Information

More information on ASCF is available online at fsa.usda.gov/ascf. Producers can also contact their local FSA county office.

70 percent of the world’s textile fibers are now synthetic, most of them plastic-based materials such as polyester.

Cotton is a natural fiber harvested from the cotton plant’s seedpods and has been used in clothing and household products for thousands of years due to its breathability, softness, durability, and comfort. Unlike synthetic fibers such as polyester, nylon, and acrylic, which are petroleum-based and chemically manufactured, cotton is biodegradable and naturally breathable.

As part of the Administration’s broader Make America Healthy Again priorities, USDA and HHS are promoting greater awareness around natural fibers and the potential impacts of synthetic materials. Cotton’s natural structure allows for strong air circulation and moisture absorption, helping keep consumers cooler and more comfortable. Cotton can absorb up to 27 times its weight in water, making it especially effective at pulling moisture away from

Kansas Crop Progress and Condition

Manhattan - For the week ending May 31, 2026, there were 4.2 days suitable for fieldwork, according to the USDA’s National Agricultural Statistics Service. Topsoil moisture supplies rated 17% very short, 26% short, 50% adequate, and 7% surplus. Subsoil moisture supplies rated 19% very short, 29% short, 49% adequate, and 3% surplus.

Field Crops Report: Winter wheat condition rated 24% very poor, 31% poor, 30% fair, 14% good, and 1% excellent. Winter wheat coloring was 79%, well ahead of 50% last year and 39% for the five-year average. Mature was 30%, well ahead of 1% last year and 4% average.

Corn condition rated 2% very poor, 5% poor, 29% fair, 58% good, and 6% excellent. Corn planted was 85%, behind 91% last year, and near 88% average. Emerged was 67%, behind 72% last year, and near 70% average.

Soybean condition rated 2% very poor, 5% poor, 32% fair, 57% good, and 4% excellent.

Spreser Wins 'NASCAR Racing Experience'

Jerry Spreser, owner of Spreser Tire in Hoxie, was the winner of a once-in-a-lifetime experience of driving a NASCAR race car.

While not literally an incident of walking off the street and jumping in a race car, Spreser was one of six winners of a promotion sponsored by Winston Tire Company, Lincoln, Neb., which is an outlet for Goodyear tires.

Along with Spreser, his sales representative, Kent Kugler, of T. O. Haas, Lincoln, Neb., which is an outlet for Goodyear tires.

Spreser recently took n the Winston tire line, making him eligible to compete in the promotion.

Rexford

The Rexford Pride City Rummage Sale and city wide garage sales will be from 8 a.m. - 4 p.m. on June 2. The sales and the Boy Scouts food court will be held in the Rexford Pride City committee.

Cleda Moeder spent last week in Hutchinson to attend the high school graduation and other activities of her grandson, Christopher. She returned home Sunday evening.

Jack and Mary Minnick of Wichita spent this week with Cleda Moeder and helped her celebrate her birthday on Wednesday.

Broadway

Dale Harper was ordained during the morning service on Sunday at Mt. Pleasant Baptist Church. Donna also took part in the ceremony. Fellowship dinner and afternoon services at the Quinter LTC made for a busy day. Attendance was maybe down a bit due to the weather.

Alma Maude Smith had singtime at the Quinter LTC Tuesday morning. Steven and Chance Smith sang several songs to the delight of the residents.

Mr. and Mrs. Don McWilliams and Alma Maude Smith were in Hays on Friday.

Three Medal at State Meet

Three members of the Hoxie High School track team came away with medals at the state track meet last weekend.

For the girls, Kayla Gassman took second place in the javelin after setting a new school record with a throw of 133-0. Emily Heim, meanwhile, finished fifth in the long jump with a leap of 16-6 1/2.

Christian Rock Concert June 16

Christian rock music enthusiasts will have an opportunity to hear headline music next month in Colby at the Harvest Rock concert.

OBERLIN~DECATUR COUNTY NEWS

Decatur County Museum to Present Col. Rudolph Dichtl

The Decatur County Museum is so excited to have Colonel Rudolph J. Dichtl in Oberlin on Monday, August 10, to speak about a project he was involved in - the Shroud of Turin Research Project (STRUP).

The Shroud of Turin has long been a source of fascination. First documented in France in the 14th century, the 14-foot-long linen cloth purportedly wrapped the body of Jesus after he was crucified some 2,000 years ago.

Of the original 36 members of STRUP, Col. Dichtl is one of the 12 remaining members to have examined the Shroud cloth.

Admission, August 10, will be a free-will donation with all proceeds going toward siding for the museum's historic St. Mark's Church. Come enjoy Col. Dichtl's presentation and help us preserve for future generations this beautiful piece of history.

City Wide Garage Sales

The City-Wide Garage Sales, sponsored by the Oberlin Decatur Area Chamber of Commerce, will be Friday, June 12 and Saturday, June 13. The list of garage sale locations will be available by Tuesday, June 9.

Oberlin Project to Receive KDOT Cost Share Program Funds

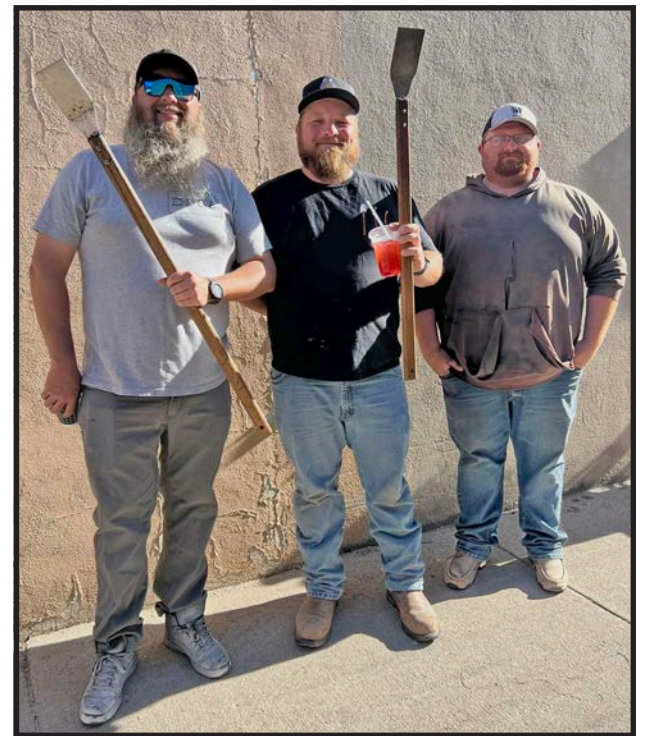

Topeka - Governor Laura Kelly and Transportation Secretary Calvin Reed announced \$5.9 million in awards for nine transportation construction projects through the Kansas Department of Transportation's (KDOT) Cost Share Program for spring 2026. This state investment will leverage more than \$3.7 million in community matching funds, totaling more than \$9.6 million for infrastructure improvements that will enhance safety, support local economies, and improve connectivity across Kansas.

The KDOT Cost Share Program plays a critical role in helping both rural and urban areas advance transportation projects. Its focus areas include improving safety, supporting job retention and growth, alleviating congestion, and enhancing access and mobility for Kansans. The program is a cornerstone of the Kelly administration's 10-year, bipartisan Eisenhower Legacy Transportation Program (IKE).

Since its inception in fall 2019, the Cost Share Program has awarded state funding of nearly \$170 million to Kansas communities. As one of KDOT's most popular initiatives, it has supported 216 projects statewide, attracting an additional \$135 million in local matching funds.

- Spring 2026 Cost Share recipients are:
- City of Garden Plain - North Garden Plain Walk and Bike Connectivity Project
 - City of Leavenworth - Leavenworth's Safe Streets Approach to 10th Avenue
 - **City of Oberlin - North York & West Adams Street Reconstruction and Safety Improvement Project**
 - City of Paola - Baptiste Drive Rebuild
 - City of South Hutchinson - Main Street Corridor Safety & Revitalization Project
 - Haskell County - NN Road Improvements
 - Lincoln County - Westfall Road Improvements
 - Marion County - Nighthawk Road: 190th to U.S. 56
 - Riley County - Winkler Mills Road Bridge Replacement

Making Oberlin Better

Making Oberlin better is a team effort- and we are so grateful for the incredible effort of MOGA!

When GROW needed a place to call home, they stepped in and purchased a building. When we outgrew the space, they didn't hesitate- they spent their evenings finishing the back room of our office (and it looks amazing.. stop in and check it out next time you're downtown). When we found ourselves short handed at the grill during Cruise Night, they showed up ready to help- even bringing a spare grill with them!

This kind of commitment, generosity, and willingness to jump in wherever needed is what makes this community so special.

Huge thank you to Jason Berry, Chris Kaiser, and Quinton Cook for all you do for GROW and for truly Making Oberlin Great Again, you are appreciated!

Remembering D-Day June 6

During World War II (1939-1945), the Battle of Normandy, which lasted from June 1944 to August 1944, resulted in the Allied liberation of Western Europe from Nazi Germany's control. Codenamed Operation Overlord, the battle began on June 6, 1944, also known as D-Day, when some 156,000 American, British and Canadian forces landed on five beaches along a 50-mile stretch of the heavily fortified coast of France's Normandy region. The invasion was one of the largest amphibious military assaults in history. By late August 1944, all of northern France had been liberated, and by the following spring the Allies had defeated the Germans. The Normandy landings have been called the beginning of the end of war in Europe.

Bulldog Place at State Track

Golden Plains senior Dylan Wark won the 800m state championship at the State Track Meet in Wichita on May 30. Wark set a new school record of 1:57.77 at state for the win.

Golden Plains sophomore Brenlynn Rath placed second in Triple Jump and third in Long Jump at the State Track Meet in Wichita this past weekend. Rath holds the school record in both events including Long Jump-18' 0.75" and Triple Jump 39' 2.75". (Photos by Elizabeth Weiner)

By Judy Rogers

Golden Plains High School had three events place in the top 3 of the 2026 State Track Meet in Wichita on May 29-30.

Senior Dylan Wark was named State Champion in the 800m dash with a new school record/personal best run of 1:57.77. This was Wark's third time to set a new school record in this event this season. He broke his own record set in 2024 at the Oakley Invitational, then set it again at Regionals and finally at State. He had placed fourth at state in the 800m as both a freshman and as a sophomore. "What a great way to end his Golden Plains career," said Coach Travis Smith. "Proud of you, Dylan!" Wark also holds the GPHS school record in the 1600m set last year.

Sophomore Brenlynn Rath placed in both long jump and triple jump at the state meet. She placed second in Triply Jump with a 27' 2.75" jump and third in long jump at 17' 6.5". She placed fifth at state in Triple Jump as a freshman last year. "Great finish to her year," added Smith.

Rath also set a new school record in triple jump twice this year. She broke the record set by her sister, Breanna, in 2023 at the WKLL league meet then extended her record to 37' 10.75" at Regionals. She also set a new school record in Long Jump at the Dighton Invitational breaking the record set by KayCee Miller in 2019. She then extended that record at the WKLL league meet to 18' 0.75".

Ezekiel Weiner set a new school record in the 3200m run of 10:30.61 at the regional meet to qualify for state breaking the record set by his brother, Ethan, in 2021. He finished the race at state with a 10:58.51 run. "Congratulations to Zeke Weiner for finishing a strong track career by competing at the state track meet," said Coach Smith. "We appreciate your hard work and leadership!"

GO FIGURE!

by Linda Thistle

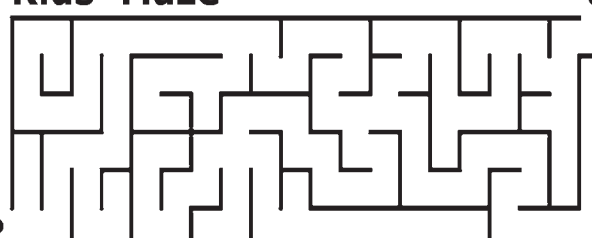

The idea of Go Figure is to arrive at the figures given at the bottom and right-hand columns of the diagram by following the arithmetic signs in the order they are given (that is, from left to right and top to bottom). Use only the numbers below the diagram to complete its blank squares and use each of the nine numbers only once.

PUBLIC NOTICE

(First published in The Sheridan Sentinel June 4, 2026)

IN THE DISTRICT COURT OF SHERIDAN COUNTY, KANSAS PROBATE DIVISION

In the Matter of the Estate of ZITA M. SCHAMBERGER, Deceased

Case No.: SD-2025-PR-000024

NOTICE OF HEARING ON PETITION FOR FINAL SETTLEMENT

THE STATE OF KANSAS TO ALL PERSONS CONCERNED:

You are hereby notified that a petition has been filed in said court by Debra Keith, executor of the estate of Zita M. Schamberger, deceased, praying for a final settlement of said estate, approval of the acts, proceedings and accounts of the executors, allowance for the services of the executors and attorney's fees and expenses; and also praying that the court determine the heirs entitled to the estate and the proportion or part thereof to which each is entitled, and distribute and assign the same to them in accordance with the provisions of decedent's will; that the administration of the estate be closed; that the executors be discharged and released from further liability.

You are hereby required to file your written defenses thereto on or before the 22nd day of June 2026, at 10:00 a.m. of said day, in said court, in the city of Hoxie, Sheridan County, Kansas, at which time and place said cause will be heard.

Great American Cotton Plan

Continued from page 3

the skin during hot weather and physical activity. By contrast, synthetic materials often trap heat and reduce breathability.

The Great American Cotton Plan addresses these challenges through four key pillars:

- **Promoting Domestic Cotton Consumption**
 - USDA and HHS are promoting the "Plant Not Plastic" initiative to encourage consumers to choose products made with American cotton
 - USDA is ensuring the BioPreferred Program remains funded so biobased products, including cotton products, can continue using the BioPreferred label
 - USDA is implementing increased marketing loan rates for upland and extra-long staple cotton authorized through the Working Families Tax Cuts Act Providing Affordable Cotton by Increasing Domestic Demand and Production
 - USDA is prioritizing cotton processors and manufacturers within Rural Development's Business and Industry Guaranteed Loan Program to increase domestic production capacity
 - The Economic Adjustment Assistance for Textile Mills program payment rate will increase from 3 cents to 5 cents per pound of cotton processed
 - USDA will continue working with Congress to support the bipartisan Buying American Cotton Act
- **Improving Cotton Trade**
 - USDA is implementing the Administration's Three-Point Trade Plan to expand export opportunities for U.S. cotton
 - Cotton Council International participated in an Agribusiness Trade Mission to Indonesia for the first time in program history earlier this year
 - USDA and USTR secured commitments from Indonesia and Bangladesh that will support future U.S. cotton purchases and textile production using American cotton
 - USDA continues supporting cotton exports through the Market Access Program and COTTON USA™ licensing initiatives
- **Protecting Cotton Growers from Adverse Risk**
 - USDA Agricultural Research Service scientists are advancing research efforts to combat the spread of the cotton jassid pest
 - Cotton producers now have expanded access to Supplemental Coverage Option insurance tools
 - The Working Families Tax Cuts Act increased the seed cotton reference price for ARC and PLC programs by 14 percent beginning in fall 2026
- USDA will continue coordinating with industry stakeholders, manufacturers, cotton growers, retailers, and Congress to advance policies that strengthen the cotton supply chain from the field to the fabric.

Preacher's Point
Pastor Timothy Johnson

Knowing God's Will for Your Life

Christian, do you know what God wants you to do, what He created you to do? God does call people to preach. God calls people to leave family and possessions behind and move to a foreign land to spread the gospel. God calls people to work

or volunteer at Church; things like cleaning, teaching, cooking, organizing special events, the list is endless. He calls people to work in factories, stores, offices, on farms, or just about anywhere. What God calls us to do is not limited to an occupation or how we earn a living. Where we live, play, shop, and eat, everything we do should all be part of God's plan for us (1 Corinthians 10:31).

Regardless of where you spend your time in life, every person we rub elbows with, Christ died for. If you are a Christian, you know the gospel: we are all sinners, Christ died as the sacrifice for those sins, place your faith in Christ to save your soul, not your good works, but in the blood of Christ, and God will grant you salvation. Wherever God has placed you, in your job, your family, your social group of friends, the stores you shop in, or the restaurants you eat in, God has placed you around a group of people He wants to reach. God wants you to serve Him. How, when, or where He wants to use you is between you and Him; that is why it is so important to know what His will is for your life.

The Bible gives short two-verse instructions on how to know God's will for your life.

Romans 12:1-2, "I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service. And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God."

Before we get into what you need to do to know God's will for your life, notice that it says, "that ye may prove." You can prove the will of God for your life as you would prove anything else: evidence is needed. Just like in an American court of law, "proven beyond a reasonable doubt." Evidence is the key. A prosecutor cannot charge someone with a crime, walk into court, and make the only argument, "I really believe that Joe Smith did it." Neither can a Christian prove what God's will is by simply believing or feeling it so.

With that said, what do we need to do to know God's will?

The first thing our passage in Romans tells us to do is "...Present your bodies a living sacrifice, holy, acceptable unto God..."

Our body is what we do stuff with. We use our bodies to pick up a cup, to take a step. Since our body is what we do stuff with, then how can God use us for His glory and will if we refuse to give Him our body?

Many Christians today base what they do and believe on feelings rather than on the Word of God. This has led to a rise in fornication (any sex outside of marriage) among believers. The word fornication is used in 28 verses in the New Testament. Eighteen of those are exhortations, warnings, and commands from God to Christians. The other ten usages are either in God's guidelines for divorce or in descriptions of the actions of the unsaved.

If God tells us the first step in proving His will is to present our body as a living sacrifice to Him, then how can we ever know God's will if we dismiss commands He gives us about our body so nonchalantly?

The second thing God tells us to do in order to prove His will is to "...be not conformed to this world: but be ye transformed by the renewing of your mind."

God wants us to set aside the thinking of the world and start thinking like Him. The best way to know someone is to spend time with them. We spend time with God by reading His Word. Some will say that spending time in nature, God's creation, is the best way to get to know Him. Yes, you can have a good time with God by experiencing His creation, but that does not go deep enough in learning how He thinks. For example, the other day I saw a woman get out of her car. She was dressed entirely in purple. The car was purple. She wore purple lipstick and she had a purple flower in her hair. I'm not a betting man, but I would bet that her favorite color is purple. Through observation, I discovered a fact about this woman, but I do not know what she thinks about God, what hobbies she has, what frightens her, or what gives her joy. She was driving a Ford, so is Ford her favorite type of vehicle, or could she care less who the car maker is? If I wanted to know about this woman, I would need to sit down and listen to what she has to say. My knowledge of her thinking will grow as our relationship moves from strangers to acquaintances to friends. Knowing how God thinks is the same process.

The Bible tells us we can see God's eternal power and Godhead through nature (Romans 1:20), but to really know how He thinks, you need to study His Word. It is in Scripture that we find out what makes God happy, angry, and sad, and what His opinions are.

When we know how God thinks, we can discern the difference between our feelings and the movement of

Continued on page 8

Commission Minutes
5/26/26

Now on this 26th day of May 2026, the Board of Commissioners, Sheridan County, Kansas met in regular session with Chairman David Stithem presiding. Other members present were Kyle Emigh, Mike "Buck" Mader, Steve Hirsch County Attorney and County Clerk, Heather Bracht.

At 8:00 a.m. Stithem called the meeting to order.

Those in attendance stood and recited the Pledge of Allegiance.

Joe Herskowitz, Road & Bridge Supervisor, came to the table. Herskowitz advised the Board that the two trucks purchased from Wilkens Truck & Trailer are here and two of three we were trading in have been delivered to them.

The Board and Herskowitz discussed the reclaimer and having to replace a set of teeth on it.

Herskowitz will check with Vitus Meier and Ken Weber about c-channel for guardrail use.

The hole on 10W has been patched. Penco Engineering will be contacted to come and look at the condition of road 10W.

The bridge in the southeast part of the county is complete, and the shoe fly has been removed. A new tube will be put in sometime in the near future.

Millings have been put down in several places.

Mowers are ready to start going out and employees have been blading.

Stithem made a motion to approve the various Treasurer's abatements seconded by Emigh. Motion carried 3-0

There was a discussion about land owned by the County in the Sunrise Additional area being used by another entity. Hirsch will work on the document.

Carolyn Chrisman came to the table to discuss the results of the survey the community was asked to complete. Also coming to the table were Dr. Jason Chrisman, Kerisa Payne, Sophie White, and Jodi Rogers. The survey pertained to needs in the county. Grissman advised the Board that 88% of the surveys stated the greatest strength in the community is the people. The number one need is housing, with other needs for school, county roads, and medical services. The Board and guests discussed things happening in Hoxie and surrounding areas. All the needs can't be addressed at once and keep taxes down. The discussion will continue.

Karen Lewis from the Sheridan County Historical Society came to the table and distributed a packet of information to the Board and Bracht. Lewis discussed projects done throughout the previous year and plans for this year and next. Lewis stated they are asking for an increase of \$5,000 to their budget,

making total request \$40,000. There is no new information on the building plan.

Crystal Etherton, Sheridan County Library, came to the table and distributed packets with information on projects and services provided. The library is keeping their budget request at \$20,000.

Sheriff Brandon Carver came to the table. Carver advised the Board that there are no results back yet on the mold testing in the sheriff's office. He should get results this week. Carver and the board discussed the law enforcement building and what will happen next. Bracht will contact Jerol DeBoer from Penco Engineering and ask him to give an estimate for the building and to contact Carver for specific information. Carver will get information to Bracht about frequently asked questions to date. This information will start going out to the public as well as advertising for open house at the jail. Carver wants to be as transparent as possible about the new building. At 10:53 Stithem made a motion to enter into executive session for a period of five minutes to discuss non-elected personnel. Emigh seconded. Carried 3-0. Present were the Board, Bracht, and Carver. The door opened at 10:58.

Mader made a motion to approve the May 19, 2026 Minutes as amended and the May 22, 2026 Payroll as presented. Stithem seconded. Carried 3-0

The May 26, 2026 Warrants were approved as presented on a motion by Emigh and second from Mader. Carried 3-0

The following Warrants and Payroll were reviewed and approved by the Board:

- General \$ 129,618.96
- Road & Bridge \$229,793.16
- Nox Weed \$30,452.58
- Public Transp.\$1,658.94
- Landfill \$3,492.74
- Conceal Carry\$50.00
- Eg11 \$3,537.46
- Forfeiture \$360.00

At 11:34 a.m. with no further business, Emigh made a motion to adjourn, seconded by Stithem. Carried 3-0. The next regular meeting will be Tuesday, June 2, 2026, at 8:00 a.m. in the Commissioner's Room.

Attest: Heather Bracht, County Clerk, David Stithem, Chairman

Preacher's Point
Continued from page 7

the Holy Spirit. Nowhere in the Bible is it going to say, "I want Tom Smith to work at (fill in the blank)." But when you know how God thinks, you can take that knowledge and apply it to your life. As you read in Scripture, the things He wants all Christians to do, we can look at the specifics of our lives and answer the question: where am I best suited to do what God wants?

Lastly, about not being conformed to this world. This does not mean we cannot do anything that lacks a Christian theme. But what it does mean is that our priorities are set by what God thinks, what God has said, in other words, by His Word. A simple example is in the activity of fornication mentioned above. The world says it is okay to live with someone you are not married to. The world says it is okay to have sex when you feel like it. God says it is sin and should be avoided at all costs. Not conforming to the world takes the

stand that I will do what God says is right and wait until I am married.

As a Christian, do you want to just hope that you get things right, or do you want to prove what is that good, and acceptable, and perfect will of God? The choice is yours.
