NASA ASTRONAUT NICK HAGUE PRESENTATION TIME CHANGE

The community of Hoxie, KS is pleased to welcome home Hoxie native and NASA Astronaut, Col. Tyler N. "Nick" Hague (U.S. Space Force) on Friday, November 11, for a day of school and public presentations, sharing his experiences as an astronaut aboard the International Space Station.

Please note that the public presentation, which is scheduled that evening, will begin at 5 p.m. at the Hoxie High School Auditorium, 1625 Queen Ave. This is a change from prior press announcements.

Public from around the area

are invited to attend the inperson presentation, which will also be live-streamed for those out of town. To view online, visit the school's website at http://www.hoxie.org prior to the event beginning.

The NASA Astronaut visit is supported by Hoxie Community Schools USD 412, the Sheridan County Community Foundation, Scott

Official portrait of NASA astronaut Nick Hague in a U.S. spacesuit, also known as an Extravehicular Mobility Unit (EMU). (NASA courtesy photo)

& Michelle Foote Family & Foote Cattle Company, the City of Hoxie, and the Sheridan County Commission.

For more information regarding the visit, please contact Mary Ellen Welshhon at Hoxie Schools at 785-675-1771 or mewelshhon@hoxie.org.

Hoxie UMW Annual Soup Supper

Election Day is coming up on Tuesday, November 8, so that means it is also Soup Supper time at the Hoxie United Methodist Church. Once again, for a free-will offering you will be served Chili and/or Chicken Noodle Soup, along with crackers, fresh vegetables and desserts from 5-7 p.m. The UMW uses the proceeds from this event to help send kids to church camp and many other local and worldwide missions.

According to the weatherman it should be great soup weather. Please plan to come the Hoxie United Methodist Church on Tuesday, November 8, between 5 and 7 p.m. for a hot bowl of soup to warm you up. We will NOT be delivering this year. Your support is very much appreciated.

CCC Hall of Fame Welcomes the 2022 Class

Four individuals joined the Colby Community College Hall of Fame in 2022. The institution's first three presidents, Dr. Richard Mosier, Dr. James Tangeman, and Dr. Mikel Ary, along with retired rodeo coach Allen Russell, will be honored with a November 5 reception at approximately 6 p.m. after the men's basketball game in the Colby Event Center.

Dr. Richard Mosier

Mosier was the founding president of the college, serving from 1966 to 1972. He

was the youngest college president in Kansas at the time. CCC honors his contributions at commencement each year with the presentation of the Mosier Award, which recognizes a student's academic performance and representation of the institution.

In 2013, he returned to Colby to promote his new book, Against All Odds, a history of CCC's founding that chronicles the institution's early triumphs and struggles. He dedicated the book to the people of Colby and Thomas County, "who, in the tradition of the dream catcher of Indian lore, caught a dream and made it real."

Born on his family's Sheridan County wheat and cattle ranch, Mosier attended a one-room country school near Hoxie and graduated from Sheridan Community High School. He developed leadership skills early, serving as president of the student body and his sophomore and senior classes, as well as president of the school's Future Farmers of America chapter, Sheridan County 4-H Council, and the local Kansas Association for Youth Organization. In his commitments, he also found time for debate, track, football, and the poultry and grain judging teams.

Following his time at CCC, Mosier was president of Claremore Junior College—now Rogers State University—for 24 years. In 1996, he was inducted into the Oklahoma Higher Education Hall of Fame and, upon retiring, was designated president emeritus at

Mosier holds a bachelor's degree in agriculture and a master's degree in vocational education from Kansas State University. He received his doctorate from the University of Wyoming. He and his wife Mary still reside in Claremore, where they have both been active in Rotary and are Paul Harris Fellows.

Hansen Foundation Match Month Begins

Sheridan County Community Foundation will once again take part in the Dane G. Hansen Foundation's Match Month initiative accepting donations every day during the month of November. The Hansen Foundation will provide a 100% match for every dollar raised up to a maximum of \$50,000 per county which will be put into the endowed unrestricted community grant fund. If the full \$50,000 is reached for the grant fund, they will also receive an additional \$45,000 for an operating endowment, and \$5,000 for immediate operating needs.

"We are once again excited to participate in the Match Month Challenge this year as area donors along with the Hansen Foundation help us continue to grow our largest fund, Cultivate Sheridan County, which will be able to provide grant support for the betterment of Sheridan County now and forever," says Karl Pratt, SCCF Executive Director.

"This will be our seventh year to participate in the campaign. With future donor support and the Hansen Foundation's commitment to offering the matching challenge annually through April 30, 2026, we have the potential to grow the fund to over \$1 million by that time, firmly planting the seeds for wonderful things in Sheridan County for years to come!"

Sixteen Hansen Community Fund Grants Awarded in 2022 To-Date

By Karl Pratt, Executive Director, Sheridan County Community Foundation

The Sheridan County Community Foundation has awarded sixteen Dane G. Hansen Community Fund grants totaling \$57,130.14 this year to-date.

Since 2015, through continued participation in Sheridan County Strategic Doing initiatives, SCCF receives funding from the Hansen Foundation to grant to area organizations for projects, events, and other needs.

Beginning in April 2022, the amount available to SCCF to

59TH ANNUAL LORD'S ACRE DINNER AND AUCTION

Morland United Methodist Church is thrilled to announce a return to the traditional Lord's Acre Dinner and Auction! The popular event is scheduled for Saturday, November 5, and includes a dinner served from 5:00 to 7:00 p.m. with cost by donation, and the Lord's Acre Auction beginning promptly at 7:00. Many unique items will be featured at the auction, along with baked goods, and homemade crafts suitable for holiday giving. The church has conducted the Lord's Acre Dinner and Auction for the past 58 years, with this year marking the 59th Anniversary of the event. All are welcome to join in the fun and fellowship as we celebrate

JENNINGS NEWS By Louise Cressler

A lot of clever Halloween costumes were worn Saturday evening in Jennings. The American Legion Flag Retiring Ceremony was followed by the Jennings City Library "Books and Treats" with books available for everyone. A wiener roast followed that.

The Sunflower Senior Potluck will be held on Wednesday, November 9, at noon at the center. Everyone is welcome to join us regardless of age. Remember to set your clocks back one hour on Saturday night, November 5.

Graveside service for Larry Johnson, former Jennings resident, was held Tuesday, November 1, at 11:00 in the Jennings cemetery. Lunch was served at the United Methodist Church in Jennings.

LETTER EDITOR

Recently I have had the misfortune to fall and lost the use of my left arm and leg. I was taken to Wichita, where I received good care. I was then sent back to Hoxie. After being in SCHC, I noticed the same people helping me night and day. I finally asked, what kind of hours do you work? I found out they work 12-hour shifts on the hard floors, lifting people, heavy equipment, and moving furniture. Many drive in from out of town in the dark, and still they get the job done. This got me thinking, if this works so well, let's apply this to the road department.

Sheridan County has some of the world's best earth moving machinery: John Deere and Caterpillar. Let's put this machinery on a 12-hour schedule and get these roads back to where they were 15-20 years ago! As far as I know there is no reason a county commissioner cannot step into a motor grader and show the crew how to do the job right. They can leave an example of a good road with ditches on both sides, rounded up in the middle and wide enough to meet traffic.

In 1958, Sheridan County had a general election where 900 voted and the majority voted 'yes' for a county unit road system. If this is continued, elevation and improving five miles in each township each year, 100 miles would be done. This is the only way it will ever get done.

I want to thank the staff of SCHC and EMS for the quality care I receive and everyone who sent cards, called, and attended my 90th birthday party.

Sincerely, Larry Cressler

Dear Editor.

Fall is quickly fading away and the leaves are turning. have you visited a forest recently? If not I strongly recommend it before winter strikes and all the trees lose their brightly colored leaves. Forests are one of natures most beautiful features. Not only beautiful, forests are also one of the most environmentally beneficial areas of the world.

My speech was over healthy forests, healthy communities. I talked about how deforestation is effecting the quality and size

of forests. Did you know close to 40 football fields worth of trees are cut down every minute? I also talked about the roles forests play in preserving soil and water quality. Forests are also the largest carbon sink on the planet which means they store more carbon than any other factor on the planet. Lastly I talked about the effects of rapid urbanization on forests and how we can reverse

Although trees are a renewable resource, they are disappearing faster than we can replace them. This is bad because we need trees to supports our planet. Areas where trees are removed lose soil quality and are much more prone to erosion. Forests help prevent soil, air, and water pollution, and in areas that have trees removed, all three of these pollution types greatly increase. One cause of deforestation is rapid urbanization. The complete removal or even fragmentation of forests puts immense stress on local ecosystems and decreases the biodiversity of urban areas.

Forests are important because they are arguably the single most important ecosystem type on our planet.

BY LILLIAN SULZMAN

The Selden Pinochle group gathered to play their game of pinochle and enjoy lunch together last Thursday. Last week's group included Pat Wessel, Lillian Sulzman, Bernadine Spresser, Don Juenemann, Shirley Emigh, Charlene Shaw, Margee Wilson, and Steve Skubal. Alfred J. Albers had high score, 601, and Bob Wessel held 2nd high score, 582, with Boyd Wilson holding the most 10's. The game and meal were enjoyed by everyone.

Kansas Cold Weather Rule In Effect November 1

The Cold Weather Rule, designed to help Kansans who are behind on their utility payments avoid disconnection during the winter months, will begin on Tuesday, November 1 and remain in effect through March 31.

With energy costs expected to rise this winter, the protections offered by the Cold Weather Rule could be more critical than ever in keeping individuals and families safe and connected. According to the U.S. Energy Information Administration (EIA), Midwest households heating with natural gas could see their bills increase by 33%. Those using electric heat could pay 8% more. If the weather is colder than expected, those numbers could be higher.

While the Cold Weather Rule is in effect, utility companies cannot disconnect a customer's service when local temperatures are forecast to drop below 35 degrees within the following 48hour period. The Kansas Corporation Commission, the agency that regulates public utilities in the state, implemented the rule in 1983 to prevent utility companies from disconnecting a customer's natural gas or electric service during periods of extreme cold.

The Cold Weather Rule also requires utility companies to offer a 12-month payment plan to allow consumers to maintain or re-establish service. Any residential customer with a past due balance will qualify for payment arrangements; however, it is the customer's responsibility to contact their gas or electric company to make those arrangements. Payment plan terms to maintain or restore service require that

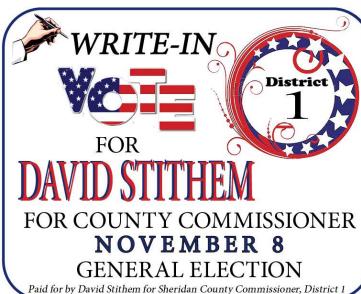

customers agree to pay 1/12th of the total amount owed, 1/12th of the current bill, the full amount of any disconnection or reconnection fee, plus any applicable deposit to the utility. The remaining balance must be paid in equal payments over the next 11 months, in addition to the current monthly bill. The Cold Weather Rule applies only to residential customers of

electric, natural gas, and water utility companies under the KCC's jurisdiction, however many municipal utilities and cooperatives have similar winter weather policies.

Information about the Cold Weather Rule is available on the Commission's website. Kansans may also contact their local utility company or the KCC's Office of Public Affairs and Consumer Protection at (800) 662-0027.

Information on what to expect in terms of energy costs this winter is also available on the KCC's website at https://kcc.ks.gov/ kcc-consumer-alert-winter.

County Commissioner Candidates District 1

To refresh the readers' memories, the following questions were answered by the candidates in the July 14 issue.

KYLE AHLENSTORF

How long have you lived in Sheridan County?

My family and I moved to Hoxie, KS in September 2020.

What experience do you have that qualifies you to be a county commissioner?

I have been involved with several organizations both professionally and community based. I am currently serving as the Treasure of the Kansas Occupational Therapy Association and an appointed member for the Kansas Workers Compensation Fee Schedule Panel. I was previously a member of the Rooks County Library Board of Trustees. I have spent the past 10 years working in healthcare. As an Occupational Therapist I learned to be an advocate for the patients that I served, this relates directly to being a voice of the people that I would represent in District 1. In October of 2021 I was hired to be the project director of Hoxie Medical Clinic. In this role I have the responsibility to lead the other members of the clinic to serve the mission of providing quality care to Sheridan County and surrounding communities. I am also responsible for managing the funding to help operate the clinic, using these funds responsibly to expand services. My educational background includes a Bachelors of Kinesiology from Kansas State University, Masters of Occupational Therapy from Nova Southeastern University and Masters of Business Administration from Avila University.

Are you a business owner?

Do you believe running a county is the same or different from running a business? Why?

The ability to run the county has similarities to running a business. The goal as a county commissioner would be to create a long-term sustainable operation. In terms of the county, this would mean having sustainable tax revenue. The purpose of raising and lowering taxes should be based on the needs of the county. Lowering taxes and not being able to afford the maintenance of the county does not benefit the taxpayer but creates a decreased value for residence. The raising of taxes without purpose or need creates an unneeded surplus and penalizes the taxpayer.

How much (\$ or %) should there be in carry-over taxes each year? For what purpose should the carry-over taxes be held for and when should they be spent?

After reviewing the budgets from Sheridan County and Continued on page 5

LORD'S ACRE 2022 Saturday, Nov. 5 Meal @ 5:00 (Cost by Donation) Serving Barbecued Meatballs, Ham. Methodist Chicken and all the trimmings! Auction @ 7:00 Holiday Gifts **Baked Goods**

Morland United Methodist Church

DAVID STITHEM

How long have you lived in Sheridan County?

25 Years. My wife Diane and I raised our four children in Hoxie.

What experience do you have that qualifies you to be a county commissioner?

I believe my education and work history gives me a unique qualification to be county commissioner. I have a Bachelor of Science Degree from Fort Hays State University. I have more than 34 years of experience serving the public in state and local government, and more in the private sector.

The private sector includes working for a bridge construction company and a road construction company.

The following is a list of pertinent employment/work activities in state and local government:

Kansas Department of Transportation, supervising road

County Appraiser

As County Appraiser, worked directly with numerous county commissioners, clerks, treasurers and register of deeds.

County Computer Technician State Board of EMS

AEMT and EMS Instructor Coordinator

Chairman of NW Kansas Region EMS

Kansas Incident Management Team Member Deputy Sheriff, Reserve Deputy Sheriff, and City Police Officer

Dispatcher Member, Chairman, and Interim CEO of Sheridan County

Hospital Board Additionally, I have been appointed to numerous state committees, have held multiple certifications, and have extensive

training through FEMA's Emergency Management Institute. Are you a business owner?

Yes. I have a private appraisal business, but I am not currently taking any new clients.

Do you believe running a county is the same or different from running a business? Why?

While there are obviously similarities, running a county is not like running a business. The county is a service organization. It exists for the sole purpose of providing the best possible services to the residents in the best possible manner. Businesses tend to be geared to benefit the few, not the many.

How much (\$ or %) should there be in carry-over taxes each year? For what purpose should the carry-over taxes be held for and when should they be spent?

I do not believe there is a specific percentage or dollar amount that should be carried over. What I believe is there should be plans in place for the future. As an example, if the plans show a specific need, such as replacing heaters and air conditioners in 10 years or a motor grader in 15 years, a portion of the anticipated amounts should be carried over each year, so taxpayers don't get hit with a huge expense all in one year.

In addition to carry-over, the county has money in reserve. The reserves are there for unforeseen or unexpected incidents and can be used to help protect the taxpayers during these times. With Continued on page 5

researching other counties, there was a reserve of between 5-10% of the residents of Sheridan County, I come to the table without a budgeted expenditures, I feel that this an acceptable reserve. The purpose of these funds is to cover increased department budget request, unexpected cost, or in case of unforeseen emergency.

How should county tax revenues be spent, aside from regular

The tax revenue could be used for incentive to attract people to move back to the county. The county is currently eligible for the Rural Opportunity Zone reimbursement for student loan reimbursement. This opportunity presents a match from the state to eligible participants. The program reimburses \$3000/year for up to \$15000 over 5 years with a 50% match from the state. This could be an advantage to attracting a younger generation to Sheridan County. Other incentives could be for property tax incentives for building new homes or remodeling existing homes, gradually increasing property tax to full amounts.

What are the priorities for tax revenue spending?

The need to improve the Road & Bridge Department has been a complaint I have heard from several residents. There have been concerns about the status of the Public Health Department, and creating a sustainable solution for EMS.

If a department wants an increase in funding from the previous year, what do they need to do to prove & justify the

If a department has a need to request additional funds the department would present the need and the request should be evaluated by the commissioners. If the request is reasonable and demonstrates that it meets a need then the request should be considered.

WHY are you running for County Commissioner? What improvements do you feel are needed in Sheridan County?

I am running for County Commissioner to be a voice for

personal agenda. I feel that as a resident of Sheridan County I have the ability to represent District 1 with fresh ideas and a vision to grow the communities. The Road & Bridge Department needs to be addressed, improving the condition of the roads and spending money on effective solutions for water drainage. Another area of concern is the current status of our EMS. The shortage of people on-call creates a risk for the safety of Sheridan County and no longer being able to maintain an EMS Department would increase response times during the times of need.

How will you work to implement these changes?

To implement the changes for the conditions of the roads and bridges: The change would start with hiring qualified candidates to operate equipment and consult engineering for affordable and effective solutions. The solution for EMS will require a collaborative discussion with commissioners and residents of Sheridan County. The EMS has fiscal concerns of being able to afford the salaries or incentives to staff the needs of the residents and concerns to the well-being of the residents if the service would not be sustainable.

Do you consider it a conflict of interest working at the hospital, a county entity, and as County Commissioner (if elected)? How will you maintain neutrality? Will there be issues from which you will abstain from voting, such as the

I have been in contact with the Kansas Attorney General's office and the Sheridan County Attorney to verify if this would be a conflict of interest and have been advised that this is not a conflict. The ability to maintain neutrality is based on the ethical standard of being honest and representing the community and not personal interest. The reason for abstaining from voting would be based on the conflict of interest, currently there are no conflicts of interest.

The ability to hold both positions, clinic director and county commissioner, will require the ability to prioritize situations as they arise. The flexibility of my position as the clinic director allows me to be reachable both in and out of the office and during business hours and after. The same would be true for the commissioner position. Over the course of my career, I have been able to develop skills that allow me to prioritize and achieve results for multiple situations simultaneously. In the last 18 months I was able to work a full-time job and complete a Masters of Business Administration degree.

DAVID STITHEM

Continued from page 3

it looking more and more likely that the country is heading into another recession, our current reserves are more important than ever before.

How should county tax revenues be spent, aside from regular county operations?

Sheridan County is comprised of 900 square miles. Of this, our cities make up around 2 square miles. While it is important to work for the benefit of all taxpayers, we are mostly agricultural. One of the biggest and most persistent complaints are our roads. Farmers need to be able to get to their fields and get their crops to market. Since it doesn't appear that road building and repair is part of the "regular county operations", I believe money should be

What are the priorities for tax revenue spending?

My priorities would be as I stated in the previous answer. There are the "regular" county operations and those improvements necessary to get our roads in a usable condition. We can't keep putting band-aids on gaping wounds.

I have a strong working knowledge of budgets, levies, and levy calculations. This will be a valuable tool when determining how your tax dollars should be spent.

If a department wants an increase in funding from the previous year, what do they need to do to prove & justify the increase?

This would come down to three basic questions. First, what is the increase for? Is it for cost of living, for additional or replacement equipment or is it something else? Second, what is the cost-benefit analysis of the increase? In other words, what is going to be gained from the increase? Who will it benefit and is that gain worth the amount spent? And third, is it a "want", a "need" or a government mandate?

WHY are you running for County Commissioner? What improvements do you feel are needed in Sheridan County?

> I am running for commissioner to help make Sheridan County a better place to live, work, and raise a family. Current actions and expenditures are not helping our county as a whole. I would like to work with the other commissioners to try to get the

county back on track. I will bring our current road conditions up again. I have driven many of our county roads recently and have seen truck parts that have literally fallen off the trucks as they were being driven down the road. This should be unacceptable to everyone. Fixing this won't be accomplished overnight, but it has to start sometime.

How will you work to implement these changes?

I have no personal agendas. I will work for the taxpayers of Sheridan County. I will work with the other commissioners, and I will work with the other county departments. Recently, county employees have become viewed as the enemy of the taxpayers. This is unacceptable. These people work for us. It is important to make sure we have the right people as department heads, then give them the support and training necessary to accomplish what is necessary to improve our county. We have several issues that cannot be fixed immediately. For those issues, we, as a board, need to develop one-year, five-year, 10-year and possibly even 20year plans for improvement. It's time to be proactive and not just reactive.

When you were the County Appraiser, why did you allow the Neighborhood Revitalization Program (NRP) to expire?

The answers to this question are long. I encourage everyone to read it in its entirety.

The first and most direct response is the County Appraiser cannot approve or renew a neighborhood revitalization program. This has to be done by the board of commissioners.

All applicants are given a copy of the program along with

their application. The information clearly states the date and duration of the plan. One of our county commissioners is by far the single largest user of this program. Given the huge number of applications he has filled out, he could be considered one of the more knowledgeable people in the county on this program. Had he simply taken this information to the board meeting, the board could have extended the program with little or no input or comments from the appraiser's office. This was not done.

I personally do not agree with the program as it is being applied. The statute that describes the program (K.S.A. 12-17,115) clearly states what a "Neighborhood revitalization area" means. In order to apply, the property needs to be located in an area that meets at least one of the following criteria.

(1) An area in which there is a predominance of buildings or improvements which by reason of dilapidation, deterioration, obsolescence, inadequate provision for ventilation, light, air, sanitation, or open spaces, high density of population and overcrowding, the existence of conditions which endanger life or property by fire and other causes or a combination of such factors, is conducive to ill health, transmission of disease, infant mortality, juvenile delinquency or crime and which is detrimental to the public health, safety or welfare;

(2) an area which by reason of the presence of a substantial number of deteriorated or deteriorating structures, defective or inadequate streets, incompatible land use relationships, faulty lot layout in relation to size, adequacy, accessibility or usefulness, unsanitary or unsafe conditions, deterioration of site or other improvements, diversity of ownership, tax or special assessment delinquency exceeding the actual value of the land, defective or unusual conditions of title, or the existence of conditions which endanger life or property by fire and other causes, or a combination of such factors, substantially impairs or arrests the sound growth of a municipality, retards the provision of housing accommodations or constitutes an economic or social liability and is detrimental to the public health, safety or welfare in its present condition and use; or

(3) an area in which there is a predominance of buildings or improvements which by reason of age, history, architecture, or significance should be preserved or restored to productive use.

Our program is not set up following these statutory requirements. Furthermore, there is an Attorney General Opinion that states "In light of the legislative history, it is our opinion that the neighborhood revitalization act authorizes a municipality to designate only one or more areas for revitalization and not the entire municipality."

There are only a few projects that would have fit the requirements had the program been set up correctly. To give an idea how large this program has gotten, nearly \$220,000 was rebated this past tax year. That is approximately 3 mills worth of tax dollars our local government can't use. In a time when we're trying to lower taxes, it's difficult to understand why we are not simply following

ATTORNEY GENERAL OPINION NO. 96-38

"In light of the legislative history, it is our opinion that the neighborhood revitalization act authorizes a municipality to designate only one or more areas for revitalization and not the entire municipality."

1 mill = 76418 Rebate = 219,998.58

Nearly 3 mills

The (two-fold) question is:

Wasn't the current program revision submitted to the state for approval? If so, and it didn't follow statutory guidelines, why was it approved?

NEXT LEVEL TRAINING ACADEMY WRESTLERS TRAVEL TO IOWA

Next Level Academy athletes participated in two national tournaments October 28-30. Those participating were Coach Tristan Porsch, Kash Schiltz, Carson Ochs, Corbin Franklin, Derek Johnson, Dayton Bell, Bradyn Wilson, Gunner Wente, Coach Mat Gilliland. Not pictured are Amanda Jaeger and Kaison Miller. (Photo by Heath Johnson)

Kaison Miller placed 8th in the 6-8th grade 92# girls division. Pictured with Coach Mat Gilliland. (Next Level Academy photo)

Training Next Level Academy coaches wrestlers traveled to Iowa this past weekend to compete at the Brian Keck Memorial Preseason National and Boys National Recruiting Showcase tournaments. Coaches Tristan Porsch and Mat Gilliland coached nine wrestlers, seven boys and two girls in both the junior high and high school divisions.

Competing in the National HS Recruiting Showcase were Dayton Bell and Derek Johnson. Bell went 4-2 earning a 5th place finish at the 145-pound weight class. Johnson, wrestling at 160 pounds, went undefeated and claimed the Championship Bracket. Johnson, a senior and three-time 321A State Champion has committed to wrestle for St. Cloud State University in St. Cloud Minnesota after graduating.

Johnson also wrestled at 160 pound in the Preseason National Tournament-High School division. With five wins, one loss and two forfeits Derek defaulted to a 6th place finish. Carson Ochs (132 lb.) went 4-2, and Kash Schiltz (106 lb.) went 2-2 for the tournament but did not place.

In the Junior High and younger boy divisions Bradyn Wilson (83 lb.), Gunner Wente (92 lb.), and Corbin Franklin (74 lb.) competed but did not place.

Kaison Miller and Amanda Jeager wrestled for Next Level Training Academy in the Preseason National Girls Tournament. Miller with two wins and three losses wrestled to an 8th place finish in the 92-pound 6th-8th grade girls division. Jaeger (127 lb.) wrestled to a 2-2 finish but did not place in the High School Girls Division.

Next Level Training Academy, located in Hoxie, Kansas, was opened in April 2021 by Matt Gilliand and Tristan Porsch. With many years of wrestling success between them, Mat and Tristan offer coaching and training in Freestyle, Greco-Roman and Folkstyle to wrestlers of all ages. For more information about Next Level Training Academy visit their Facebook page.

Lady Volleyhawks Sweep Sub-State

Mary McDonald, Co-Editor

On Saturday, October 22, the Lady Volleyhawks traveled up to Rexford to compete in Sub-State volleyball. The Lady Hawks went into the tournament ranked second and came out as Sub-State Champions. The Lady Volleyhawks will play at White Auditorium in Emporia on Friday, October 28, in the 2022 State Volleyball Tournament.

When asked about her thoughts on playing in Emporia for her senior year, Senior Halle Habiger states, "I'm glad we showed up and played as well as we did. I'm glad we get another chance to play at state this year!"

The first team the Lady Volleyhawks went against was Triplains/Brewster. Our girls secured the win, with the score being 25-6 in the first set, and 25-10 in the second set. Junior Karoline Schroeder led with kills, having eight. Sophomore Jocelyn Perez had one block. Sophomore Emily Heier led with seven assists, and Senior Kerri Heier was right behind her with six.

The Lady Hawks then went against Northern Valley. Our girls stayed strong and secured the win with the score being 26-24 in the first set, and 25-23 in the second set. Junior Schroeder led with three serving aces, Senior Halle Habiger had two, and Sophomore Emily Heier had one. Both Habiger and Perez had one block at the net. Junior Jordyn Beckman and K. Schroeder had 12 digs.

The last team the Lady Volleyhawks went against was Wallace County. This game determined if the Hawks would travel to Emporia for State. The Lady Volleyhawks secured the win, with the score being 25-20 in the first set, and 25-21 in the second set. K. Schroeder dominated the kills, having 13. The Hawks racked up 44 digs, 15 of them belonging to Beckman.

When asked about her thoughts on making it to State for the third year in a row, eighth year out of her ten years being head coach for Wheatland, Head Coach Shannon Foster states, "The rough patch we went through earlier this season seems to have really helped us out. During that time, we learned how to battle and fight, and those skills were very important to making comebacks in both of our last two games at Sub-State. I'm so proud of how the girls just kept at it, even when things weren't looking great. Hopefully we can keep the momentum going in Emporia!"

The 2022 Sub-State Champions. Backrow (Lto R): Sophomore Lehanie Swanepoel, Asst. Coach Nichelle Marker, Freshman Bielle Hanna, Freshman Ka'Mara Harvey, Sophomore Jocelyn Perez. Middle row (L to R): Junior Mgr. Marsha McDonald, Junior Jordyn Beckman, Sophomore Emily Heier, Junior Karoline Schroeder, Junior Maddy Zerr, Freshman Evangeline Godek, Sophomore Abby Cheney, Head Coach Shannon Foster and her son Alex. Front row (L to R): Sophomore Adrienne Hrabe, Senior Jillian Gallentine, Senior Halle Habiger, Senior Kerri Heier, Sophomore Jadyn Gallentine. (WHS photo)

WHS celebrates School Lunch Week and presents a certificate to Justin and Kayla Goetz in appreciation of their beef donation to the high school, elementary, and concession. L-R Dina Heier (head cook), Justin and Kayla Goetz, and Melvi Perez (assistant cook). (WHS photo)

Carolyn Nelson, Advisor

WHS recognized National School Lunch Week on Tuesday, October 24, by thanking Justin and Kayla Goetz for their generous donations of beef to the WHS and WES kitchens, as well as the con-

President John F. Kennedy instituted the week in 1962, and it was intended to "promote the importance of a healthy school lunch in a child's life and the impact it has inside and outside of the classroom," according to the Kansas Department of Education's website.

WHS students ate sloppy joes for lunch, made from Goetz beef. Head cook Dina Heier stated, "We appreciate the generosity of the Goetz family, as well as other community members who contribute to our school lunches.

This year's theme was "What's on Your Plate," emphasizing the importance of eating the correct balance of nutrition each day.

Bus Driver Appreciation

Emma Thompson, Co-Editor

Don Randall is a man of many jobs at Wheatland High School. Along with driving the bus, Don is also a janitor at WHS. Don lives in Gove and is WHS alumni himself. He is a college graduate of Kansas State University with a business degree. Don worked as a general contractor for 34 years before coming

Mr. Don Randall adds, "WHS has been a very great place to work, I enjoy being around

Don has been working at WHS for six years. He says the most rewarding thing about his job is being around the kids. Don also says being around the kids is the hardest part as well, jokingly. One of Don's favorite trips he has taken is down to Monument Rocks. WHS would like to thank him and many others for their service at USD 292. Their hard work is much appreciated by all the students and

Counselor Corner By Chris Lee

Colgate and the Hispanic Heritage Foundation have created "Haz La U" (Make the U), a college grant program for Hispanic high school seniors. Colgate-Palmolive will grant a total of 31 scholarships in tiered amounts. On the regional level, Colgate-Palmolive will award 10 Gold level grants of \$4,000 each, 10 Silver level grants of \$3,000 each, and 10 Bronze level grants of \$2,000 each. One regional winner will receive a national level grant of \$10,000. For more information on the scholarship visit https:// hhfawards.hispanicheritage.org. Applications must be submitted by November 13.

The Elks Most Valuable Student scholarship competition is now available. There are national and local winners. The MVS is judged based on scholarship, leadership, and financial aid, as demonstrated by the application. This application is due on November 14. Find out more at https://bit.ly/3DrNL7Z.

Juniors and Seniors can now register for the November 9 Exploration Day at Garden City Community College by going to https://bit.ly/3DPsG9h. The registration deadline is November

When registering, students should be prepared to select which sessions they would like to attend. Breakout sessions are provided for all general education, fine arts, and vocational/technical fields. Student clubs and teams will also be available for students to visit with and receive information from during the lunch hour. Lunch is free, and several scholarships will be awarded randomly during that time in the gym.

Do you want to do hands on stuff and earn a bachelor's degree? The Applied Technology department at Fort Hays State may be what you are looking for. It will host Applied Technology Day on November 15. Find out more from professors and students about Construction Management, Construction Technology, Engineering Design Technology, Manufacturing Technology, and becoming a shop teacher.

This event is free, and lunch is included. Register and find out more at https://bit.ly/3NmbRpk

Butler Community College has a lot of the feel of a big campus, with more students than any school west of Wichita and many majors, but also the intimacy of a smaller campus since few students live there. It will host Senior Day programs on November 18 on the Andover campus and November 19 at El Dorado. To register go to butlercc.edu/senior-days or call 316-322-3382 by November 14.

The ninth episode of HirePaths' "Cool Careers" in Kansas features welding as a career choice. To access the video, please visit <u>www.youtube.com/watch?v=tJZ-_i6kaCA</u>. Other careers featured in this series include wind turbine technician, elementary school teacher, electrical process operator, heavy equipment technician, robotics/automation engineer, plumber, drone pilot, and cyber security analyst.

The Missouri Welding Institute will host its 2023 Welding

Competition for Vo-Tech students on January 26, and high school students on January 27. All participants will receive a \$1000 scholarship to MWI and a welding jacket. First place winner will receive a prize package of \$22,750. Sign up, rules, and regulations can be found at www.missouriweldinginstitute.com or by calling 800-667-5885.

The University of Arizona has scholarships to fuel your boldest dreams. A 4.0 GPA can score a \$32,000 scholarship, all the way down to a 2.75 wracking up \$1000. These awards are renewable for four years (go.arizona.edu/terms). Info on more merit-based aid is available at go.arizona.edu/merit-aid.

Monday-Friday 8am-5pm Saturday 8am-noon 24-br emergency

Sunflowers harvested was 65%, near 63% last year, and ahead of 53% average.

Pasture and Range Report: Pasture and range conditions rated 51% very poor, 28% poor, 16% fair, 5% good, and 0% excellent.

KFB's Swine Focus Group to Meet November 17

The Kansas Farm Bureau (KFB) Swine Focus Group will meet Thursday, Nov. 17, in conjunction with the 2022 K-State Swine Day. This focus group takes the place of KFB's previous advisory committee and is an opportunity for Farm Bureau members involved in the swine industry to discuss industry issues and KFB's role in addressing them.

K-State Swine Day will be held at the KSU Alumni Center in Manhattan, and the KFB Focus Group will meet at approximately 4 p.m. in the ballroom. You can register for the K-State Swine Day here. Cost is \$25 before Nov. 10 and \$50 after that date or at the door. Those planning to attend the KFB's Swine Focus Group should RSVP to Nancy Brown at brownn@kfb.org, and feel free to share with other Farm Bureau members who may be interested.

Match Month

Continued from page 1

No donation amount is too big or too small for this challenge. Everyone with an affinity for Sheridan County and the communities therein are encouraged to contribute and help make a difference in the lives of those in the area.

Sheridan County residents are encouraged to be on the lookout in their mail for this year's campaign mailing which includes information about the Foundation, grants given throughout 2022, news about six new 'Field of Interest' grant funds, which provide for additional funding opportunities to area organizations, as well as an update on our local Strategic Doing initiatives and more.

Beginning November 1, donations can be mailed to SCCF, PO Box 445, Hoxie, KS 67740; dropped off at Bottle KAP Studios at 721 Main St. in Hoxie or online at www.gnwkcf.org/donate/sheridan-

For more information, contact SCCF Executive Director Karl Pratt at 785-675-1240, director@growsheridancounty.org.

SCCF is an affiliate of the Greater Northwest Kansas Community Foundation based in Bird City. The Foundation seeks to encourage, prudently manage, and distribute charitable contributions to improve the quality of life for Sheridan County residents, now and in the future. To learn more, visit www.growsheridancounty.org. Connect with SCCF at <u>www.facebook.com/sheridanccf</u>.

Safety - Cold Weather Injuries

When November begins, so does the transition from fall to winter. With this transition comes the return of cold weather and cold weather injuries. One example of this is cold stress, which can be caused by wet or damp clothing, ineffective PPE, poor fitness and health, exhaustion, and other underlying health conditions. The types of cold stress include trench foot, frostbite, hypothermia,

As a farmer or rancher who works out in the cold, it is vital to make sure you and your employees are trained on the following cold stress prevention, according to OSHA's guidelines.

Commission Minutes 10/25/22

Now on this 25th day of October 2022, the Board of Commissioners, Sheridan County, Kansas met in regular

session with Chairman Wes Bainter presiding. Others present were Joe Bainter, Mike "Buck" Mader, County Attorney Joe Pratt and County Clerk Heather Bracht. Guest was The Sheridan Sentinel. At 8:00 a.m. Wes Bainter

DAVID STITHEM

Continued from page 5

I was not involved in the submission of the current plan, but the steps should have been the same as those for the original. With that in mind, submitting the plan to "the state" actually involves three different offices.

The first is the Kansas Attorney General's Office. The information submitted to this office pertains to the PROCESS of implementing the neighborhood revitalization program. This information includes when the public hearings were held, when the notices appeared in the official newspaper and what taxing entities were in attendance. Additionally, each entity provides signed copies of their respective minutes showing they discussed and approved their participation in the program. Finally, the plan itself is included. With this information, the Attorney General's Office determines if all of the requirements were met for the creation of a local neighborhood revitalization program. They DO NOT send someone out to view the areas identified in the plan to make sure it follows the statutes.

The second state office, the Secretary of State, receives copies of the Interlocal Agreement for participation between the local taxing entities and a copy of the approval letter from the Attorney General's Office. This office does not receive a copy of the actual plan itself but is part of the overall approval process.

The third office is the Abstract Section of the Kansas Department of Revenue. They receive the same information as the Secretary of State's Office, as well as a copy of the plan. In this case, the plan is used to help set up the tax unit information for the abstract reporting they will require from our local County Clerk. They DO NOT approve the plan itself.

The next question that will come out of this discussion is "Why is it okay for some of the other counties to have similar plans?" The quick answer is, it's not. If no one asks, it is just ignored. Let me use this simple analogy. Has anyone ever been stopped for speeding and then been let go without a ticket because you told the officer everyone else was speeding so you should be able to also? Probably not. However, in this case, you were breaking the law by speeding, but it didn't become an issue for you until you were stopped. Think about it.

In summary, the State offices and department listed above are trying to make sure all the paperwork and processes are in order. Are the I's dotted and the T's crossed? They rely on the local commissioners to determine what property is located in an area that meets at least one of the statutory criteria. With our current plan, even an area composed entirely of new houses is considered to be blighted.

David Stithem

District 1 Commissioner Candidate

called the meeting to order. Those in attendance stood

and recited the Pledge of Allegiance.

Joe Herskowitz, Road & Bridge Supervisor, came to the table. Herskowitz stated they pulled the shoulders on the road leading to Southern Star. Spore will haul millings and the County will spread on the

The 'weight limit' bridge signs are being replaced. The signage program doesn't replace the bridge signs.

Herskowitz will check with Jerol DeBoer with Penco to see if our application was accepted into the program. The County was awarded funds through the cost share program in the amount of \$500,000 for the work to be done on Sheridan Ave. to 10W. Herskowitz distributed a

map of the landfill. Western Coop will come out and put up a new pole by the new cell so the Bomag can be plugged in right there when coming out of the cell. Cost is estimated at \$58/mth for five years. By consensus this was approved. Wes Bainter stated a nice

job was done on the Elk Ranch bridge and the other road work done on 110N back east. Other road work was discussed.

Herskowitz stated the overtime will shorten now that it is cooler.

Fuel will be delivered. Wes Bainter made a motion

to amend the agenda to include Mike Beckman. Joe Bainter seconded. Carried 3-0. Beckman started by saying there is a family who doesn't care. He stated the prairie dogs are so thick there is no way the county employee can treat them by himself. The same family has cattle out every day in everyone's corn. Fence is torn to the ground. Prairie dogs are eating the crops. Evan Turley, Noxious Weed Director, will contact Stevenson and see when they are going to treat musk thistle. The discussion continued with comments that there are too many acres involved now. Pratt stated he will talk with Sheriff Carver about the cattle problem. Turley will contact 7K Ranch, LLC, and get a price to treat the prairie dogs. Beckman stated a lot of landowners don't even know they have a problem. The Commissioners are committed to eradicating prairie dogs and will continue to work on a plan. Turley stated it is better to dope when it is cold outside, and the prairie dogs don't want to leave the hole. Turley will purchase additional chemical to treat. The Board thanked Beckman for coming.

There was discussion about mowing in Section 5.

Millings are being deposited at the shop.

Herskowitz spoke with Jef Stewart/KDOT, and nothing is planned to start on Highway 23 south until 2025, March - October. The K123 project will probably not be done till January.

There was discussion about recycling. The baler is back working.

Bracht recommendation from Sheridan County Republican Committee Commissioners which read "The Sheridan County Republican Party wishes to share a concern about potential conflict of interest regarding employees federally funded tax-exempt organizations serving county commissioners. party would appreciate your consideration on the matter for future potential candidates." Wes Bainter stated the Commissioners are not getting involved in the election process.

Several Treasurer Abatements were approved on a motion by Joe Bainter and second by Wes Bainter. Carried 3-0

Joe Bainter made a motion to approve the October 18, 2022 Minutes as presented. Mader seconded. Carried 3-0

The October 21, 2022 Payroll and October 25, 2022 warrants were approved on a motion by Mader and second by Wes Bainter. Carried 3-0

Pratt stated he will do some further research on the prairie dog issue. Pratt will pass on to the landowner what will be changing. What was already discussed and approved with him will be taken care of. If there is interference, law enforcement will have to be called. There is a statute on fencing in livestock. The following warrants and

payroll were approved and signed by the board. General \$168,926.16

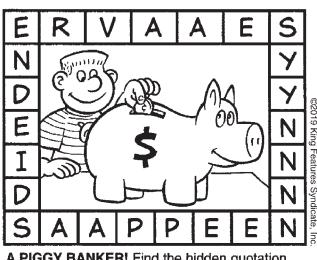

Road & Bridge \$82,665.31 Noxious Weed \$2,360.50 Public Transp \$2,236.25 Clerk Tech \$27.60 Forfeiture \$90.83 Spec Hwy \$12,150.00 VIN \$240.00 ROD Tech \$200.00 E911 \$1,989.17 Landfill \$2,295.41 MV \$1,055.43

At 9:10 a.m. with no further business, Wes Bainter made a motion to adjourn, seconded by Joe Bainter. Carried 3-0. The next regular meeting will be Tuesday, November 1, 2022, at 8:00 in the courthouse main floor foyer.

Attest: Heather Bracht, County Clerk, Wes Bainter, Chairman

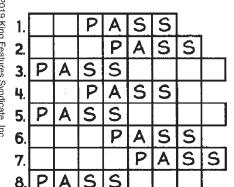

by Charles Barry Townsend

Lenora, Kan. 10-27-2022 — Nex-Generation Round Up for Youth is seeking a donor engagement and program support specialist. This is a full-time position responsible for the fundraising plans and activities for our organization. If you are seeking a fantastic position on an energetic, youth-focused team, where you can immediately put your fundraising and event-planning skills to work for us and for the students and communities of northwest and north central Kansas, please apply by November 15th (position open until filled)! Go to www.nex-generation.org/about-1 for more information

Attached is an ad for this position. Please place the ad immediately (or in your next available issue), running up to 2 times between now and November 15th

Nex-Generation Round Up for Youth, Inc. is a 501(c)(3), non-profit organization based in Lenora, Kansas. The organization operates solely on the generous support of area donors. Nex-Generation's mission is to educate northwest and north central Kansas students about local career opportunities by providing and supporting programs in career development, entrepreneurship, internship, and work study/apprenticeship. Through these efforts, the organization hopes to foster a positive sense of community and encourage youth to remain or return home to prosper.

CCC Hall of Fame

Continued from page 1

Dr. James Tangeman

Hired as CCC's Dean of Instruction in 1969, James Tangeman was named president in 1972 and led the college until 1988.

Tangeman's influence on employees and students is remembered annually with the Tangeman Award for Teaching Excellence, presented to a faculty member who demonstrates dedication and

passion for student learning.

He left CCC in 1988 to be the president at Garden City Community College, where he stayed 14 years before retiring. The institution recognized his service with the naming of the Tangeman Sports Complex. As retirement began, Tangeman had a one-year stint as interim president at Seward County Community College. He continued to be involved in many activities and organizations at the local and state levels.

The couple resides in Wichita now and enjoys the arts, reading, and exercising. Throughout retirement, they have had opportunities to see the world.

Dr. Mikel Ary

In 1988, Ary was hired as CCC's third chief executive officer. At the time of his retirement in 2005, he was one of the longesttenured college presidents in Kansas.

Under his leadership, the college experienced unprecedented enrollment growth that required new facilities across campus. In addition to expanding the south side of the Cultural Arts Center for the band and vocal programs, the Pierre Henry Health Sciences Building opened in 1992, and the 20,000-square-foot Bedker Memorial Complex began housing business and behavioral science courses in 1998. His dedication to academic excellence is recognized at commencement each year with the presentation of the Ary Award to an outstanding student.

Today, Ary stays active in the Rotary Club and is a Paul Harris fellow. He is an avid reader and has enjoyed a lifetime of travel with his wife, Delores.

Allen Russell

A rodeo coach and agribusiness instructor, Allen Russell began at Colby Community College in 1990 and served until his

During his first 15 years in higher education, Russell competed in as many as 60 professional rodeos each year and was a member of the Professional Rodeo Cowboys Association. Twice he was a two-time Prairie Circuit qualifier in steer wrestling.

For six years, he was also the director of the Central Plains Region of the National Intercollegiate Rodeo Association (NIRA), a region considered one of the largest and most competitive that includes colleges and universities in Kansas, Oklahoma, and

In 2009, he was recognized with the Tangeman Award for Teaching Excellence, an award selected by previous recipients and current CCC students.

Today, Russell is still trying to play golf, he says, and he returned to CCC as a part-time ag business instructor.
