Additionally, nominees must have been a K-12 or Vocational Technical School teacher or administrator for a minimum of 25 years in Kansas.

We are proud that Kansas, and especially Dodge City, is the home of the first Teachers' Hall of Fame in the United States and appreciate this opportunity to recognize exemplary Kansas educators.

Golden Plains presented the musical "The Jungle Book" on the Rexford stage April 7 with 3rd, 4th, and 5th graders performing. The program was a collaborative effort of the Elementary students and staff, middle school students and staff, music teacher Bonnie Cameron and the Main Street Arts Council. Several of the high school students assisted with makeup and costumes while Madison Wiens and the K-12 art classes helped with the set. Miss Bonnie directed the play with the assistance of senior Lauren Patmon. Karl Pratt and Emma Weiner took care of the sound and lighting, Jemma Juenemann served as stage manager, and Darrel Dible and the HS Shop Students helped with the set design. It was a magical evening filled with music, fun, collaboration, and Bulldog Pride!

Grand Opening a Big Success!

7 Rhodes Market's Grand Opening on Monday, April 18, drew many gardeners looking for flowers, vegetables, and bushes to beautify their homes. The large selection of plants are inside two new greenhouses.

The market is located at 735 E Road 120 N, Dresden (12 miles north and one mile east of Hoxie).

Rep. Mann Hits Russian Pres. Putin's "Sanction List"

Last week, Putin added me to his sanction list because I refuse to stop speaking out against his tyrannical regime, and for my leading efforts to cut off U.S. reliance on Russian oil. It is an honor to have made the cut.

Russia must be held accountable for its war crimes and senseless killing of the Ukrainian people. That's why I introduced the Use Stocks, Stop Russia Act, and voted for H.R. 6968, Ending Importation of Russian Oil Act. As I've said before, as the global champion of freedom, the United States has a duty to stand against dictators like Vladimir Putin. We cannot allow our country to rely on Russian oil while they unjustly attack our ally Ukraine, especially when we have energy resources right in our own backyard.

Sing It!

Senior Tyra Schultz stands alongside her music instructor Mr. Jim Shaw after she received two 1 ratings at the Regional Music Competition in Oberlin, on April 9. (WHS photo)

By Isabella Ostmeyer, Co-Editor

On Saturday, April 9, senior Tyra Schultz and music instructor, Mr. Jim Shaw, made the trip to Oberlin, Kansas, for the Regional Music Competition. She sang two songs and was awarded a 1 rating on both songs. Her first song was *All Through the Night* arranged by Ruth Elaine Schram, and her second was *All My Trials* also arranged by Ruth Elaine Schram. She sang both these songs with the accompaniment of Mr. Shaw. Tyra will compete in the State Music Competition on April 30 at Hesston College.

Tyra Schultz exclaimed, "What an amazing experience it was to go to regionals and figuring out I am going to state!"

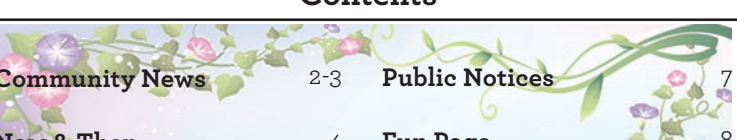

Schultz not only participates in our school choir, but also sings at church when asked. We were able to find a music instructor her freshman year of high school but failed to do so until again this year. We are happy to have Mr. Shaw with us and see the great accomplishments of our students involved in these music classes.

Pride of the Prairie's Season Finale May 1

Pride of the Prairie Orchestra will be the final program of the Western Plains Arts Association's 52nd season. The regional orchestra will feature music by American composers and other patriotic works for their spring concert "Made in America." The concert begins at 3 p.m. CDT, Sunday, May 1, at the Colby Community College's Cultural Arts Center - Frahm Theater.

Admission at the door is \$10 adults or \$5 students, or by either WPAA or Pride of the Prairie Orchestra season tickets. Funding for this program is made possible by business, private and foundation support throughout the area including generous grants from the Dane G. Hansen Foundation, Logan, and the Greater Northwest Kansas Community Foundation - Dane Hansen Community Grant for Thomas County, Bird City.

"I am really happy with the sounds that the orchestra is making this year," Beverly Rucker, conductor said. "I think that the audience is going to really enjoy the performance!"

The Pride of the Prairie Orchestra was organized as The Colby Community Orchestra in 1979 by Bill Beck, a retired school music director. The name was changed to The Pride of the Prairie Orchestra in 1998 to better reflect the widespread membership of the group. The orchestra presently has members from Atwood, Colby, Friend, Goodland, Grinnell, Hoxie, Oakley, Quinter, Russell Springs and Wallace in Kansas, and Burlington, Colorado.

The orchestra is composed of volunteer musicians, ranging from school age to retired individuals. Every Monday evening, 30 to 40 musicians gather to rehearse in Colby. At least three concerts are performed each year. Since area schools do not offer an orchestra program, this has met a need for students as well as adults who play a stringed instrument.

"Pride of the Prairie Orchestra offers a cultural outlet for musicians as well as audiences in the area and adds an element of culture that is often lacking in small communities," Rucker said.

Made in America features music that is written by American composers including Aaron Copland, Leonard Bernstein, and George Gershwin. The program will also include many stirring pieces of patriotic music.

The Hoxie Democrat Friday, April 20, 1888

Ed Smith is driving the mail while E. S. Canfield is in WaKeeney.

Mr. Smith, of the Rock Island engineer corps, was in the city last Thursday, and reports work on the grade north a flourishing.

The report of the double shooting and the lynching of the parties in Logan county seems to not be true, as the daily papers have no report of it.

On last Wednesday morning your scribe jumped into a buggy with W. H. Allen and drove to Oberlin. On arriving there we were met by several of the Hoxie boys who had driven there in the morning, among which was L. M. Grant, F. W. Duncan, J. L. Zeigler, B. F. Miller and M. A. Rich. Immediately after supper we took in the town. To say that Oberlin has grown does not express it, while they have no boom they have had a marvelous growth and what was a row of little frame building on Main street is now a large row of brick blocks occupied by a large and well selected stock of goods. Of course we visited the news papers, and found C. Borin, of the Eye, hard at work and corresponding over the district in the hope that he may receive the nomination for the delegate at large to the Chicago convention. We think that he deserves this at the hands of the party he has so long worked for. The *Herald* office we found presided over by Henshaw & Burch, and they were very busy having all the job work that four men can do and great hope in the future of Oberlin and the democratic party. In the *Opinion* office we found that prince of good fellows, Casterline and his foreman Rathborne. They have a fine office and are doing a good business for themselves and the republican party. The land office was next in order and here we found everything in good order and all busy.

Prairie Dog Scratchings

Millie Countryman, daughter of James Countryman, met with quite a serious accident while at school last week by falling and breaking her arm near the elbow, but under the care of Dr. Liggett, of Sheridan, she is doing as well as can be expected.

Forty teams passed through Prairie Dog last Friday on their way to Sherman county to work on the C. K. & N.

Valley Township Items

Mr. H. Lee has gone to Phillips county to get a load of potatoes.

Mrs. R. Crist has been very sick for the past week.

Mr. Rickabaugh has returned from Cresson. He will put in a stock of goods at Brownville.

125 Years Ago April 22, 1897

Charley Johnson has moved back to his first love, Sheridan county, to reside.

Rev. Cox delivered his first sermon in our city at the Presbyterian church Sunday evening. He was greeted by a crowded house and all seemed well pleased with him.

W. F. Schultheis has all ready begun to talk hail insurance.

Anyone having cattle to sell, call on or write Tom L. Pratt, Hoxie, Kansas.

Frank Wiseman, of Thomas county, had business with Judge Hedge, Friday.

VanEpps will have his gallery open May 1st, for one day only, with a slash in prices.

J. H. Jones shipped a car of horses to Kansas City, Monday morning. He went with them and will bring several cars of cattle back with him if he can get them right.

L. K. and Fred A. Patten and George Boyles, of Selden, were in Hoxie on business one day last week. They are all pleasant gentlemen to meet and besides that are rustlers.

Tom Donovan, of Parnell, left his plow sticking in the ground and came to Hoxie on business Monday. Tom just recently disposed of his last years crop of broom corn and reported that he got a very fair price for it.

Word comes to us from Spring Brook township that Uncle Will Kessler has gone to Missouri on a trading trip with the intention of moving there if he finds things to his notion. We hope that he may change his mind and remain here as he is one of the county's best citizens and one we cannot well spare.

Judge Hedge's home was the scene of quite a romance last Thursday evening. A couple by the name of Wiseman, distant relatives, presented themselves to be bound together in the holy bonds of matrimony, they seemed to be in a hurry to have the ceremony performed and when it was over told the Judge that the groom had stolen the bride from her home in Thomas county and they did not know but the brides father might appear at any moment to reclaim her. As soon as they were made one and secured a certificate to that effect they departed for the grooms home in Nebraska.

Seguin Squibs

Miss Mae Hedge spent Sunday with friends in Hoxie.

Rev Cheney has sown quite a lot of alfalfa this spring.

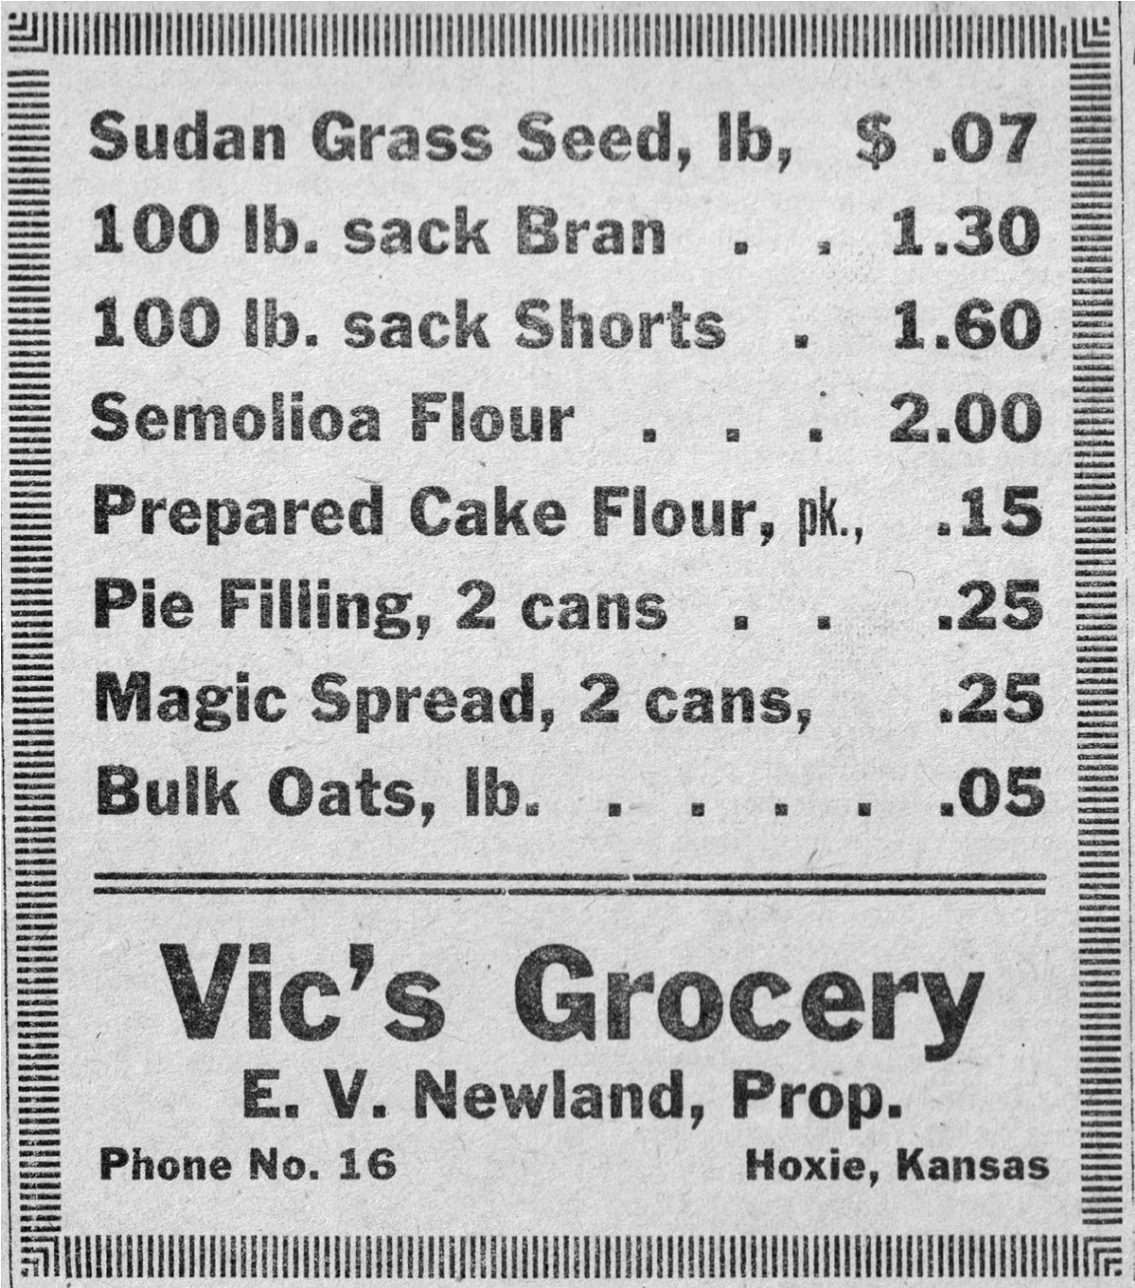

The eastern part of Logan township is having quite an experience with prairie fires lately. Torrence Patterson and Henry Suffecool had to work hard to keep their broom corn from being burned up. The last fire was started by lightning.

Selden Department

Mrs. Thos. Richardson and children were visiting with Mrs. J. G. Rouse on Sunday last.

J. A. Sprague returned from the west early in the week. He says that is a great country.

The Dresden Creamery Association commenced operation on Monday last. There

was a celebration in honor of the event.

100 Years Ago April 20, 1922 The Just-A-Mere

On Friday evening, April 14, Mr. and Mrs. Lon Gorrell entertained the Just-a-Mere Club.

Tallies, place cards, table decorations, etc. conformed to the Easter season, yellow was the prevailing color.

After refreshments the evening was spent in 500. Mrs. Lorenzo Fairchild had the most scores to her credit.

Harmony Club Meets

The Ladies' Harmony club met last Thursday at the home of Mrs. Alfred Allen and spent the day sewing for the hostess.

A delightful dinner was served at the noon hour.

Local News

Sheridan county friends of the G. O. Porter family will be pained to learn of Mrs. Porter's death, which occurred at Logan, Kansas, April 9.

C. L. Calhoon attended the national association of Delco Light dealers at Dayton, Ohio, last week. Mr. Calhoon is one of the company's most successful dealers.

Last fall when Manuel Patmon hied away for the Golden State we felt that he probably had a little unfinished business there that he left over from the previous winter which he spent there. Last week our suspicious were verified when Manuel arrived in his old home town with one of California's young women. Manuel is one of our county's clean upright young men, and the *Sentinel* wishing him and his fair bride oceans of joy and happiness as they journey through life.

Mr. Chas. L. Kline, of Grainfield, and Miss Eva Wilson, of Gove, were quietly married in this city by Probate Judge Beattie, Monday, April 17. These young people are among the highly respected citizens of Gove county and start their married life with bright prospects for a long and happy future.

W. J. Gilchrist, of Montrose, Colorado, evidently likes the old home paper. In remitting for the *Sentinel* recently he made his remittance more than it should be and told us to keep the change as a treat, and under no circumstances fail to keep the paper coming his way. Will is engaged in the retail feed and coal business and is doing well.

Mr. and Mrs. S. A. Welling, of Valley township, are the proud parents of a fine baby boy, born to them last week at the Hays hospital, where Mrs. Welling went so she would have the best of care.

C. F. Crofoot was here from Salina Wednesday shaking hands with his numerous friends and attending to business matters. While here he leased his elevator to E. B. Mickey. He says his son, Walter, is gradually growing stronger and is on the road to his ultimate recovery.

Valley

Mr. and Mrs. Ollie Davis and family, of Glen Elder, were spending the week end with their nephew, Mr. B. F. Taylor, and wife and sons.

Mrs. Artie Cogdill and little daughter visited last week with Mr. and Mrs. E. E. Schropp and family.

Track Squad Looks Good

The Hoxie speedsters served warning they will have to be watched when the final State meet rolls around May 16, by almost taking a grand slam in the relays, two firsts and one second at Colby last Friday. Also George Pratt winning the 220-yd dash in 23 flat, Mosier tied for second in

the pole vault. Other Hoxie entries showed up well by just placing out of the point brackets. The team will probably be rearranged at the Scott City relays Friday in order of the coach to experiment for a few more points before the league meet.

School Visits Town

Mrs. Sadie E. Smith and pupils, Patricia Jennings, Merald Tice and Wade Smith, of McGraw school, Dist. 53, were Hoxie visitors last Friday. This was the last day of school for them and the day was spent visiting business houses and other places of interest. Some of the places visited were: the court house, power plant, locker plant, and the *Sentinel* office.

Lucerne World

Leote Ponaths, Bill Smalls, Artie Teels and Fred Wentes cleaned up the central office for the new occupants last Saturday and Sunday. The Harold Kappers are our new centrals at Lucerne.

Rob Brewster is doing fine now and is home from Hays hospital. Sunday visitors to see him were Mr. and Mrs. Herb Cressler, Mr. and Mrs. Ernie Lacey, Leonard Fitzjarrell, Willis and Lloyd Cresslers, Mrs. Ola Miller and son, Kenneth and family. We did not learn the names of the other company.

Tasco Notes

Flossie Cramer and Mrs. Thelma Cramer visited and ate dinner Saturday with Mrs. Grace Simonton.

Both the Tasco and Holly Creek schools closed Friday, April 11th, at each schoolhouse with a dinner for pupils, teacher and the people of each district. Since the two schools have now been consolidated, school will be held at Tasco next year with these same two teachers, Mrs. Laura Rawson and Miss Evelyn Conard in charge.

Seguin Items

An elderly retired couple from a remote mill town was visiting New York for the first time. The sights seemed to interest the old gentleman more than his wife, who finally exclaimed, "John, the way you stare at these city women is something scandalous. A body'd think you'd never seen legs before."

"Well," John mused, "that's what I was thinking to myself."

Gov. Kelly Signs Redistricting Maps, Vetoes Other Bills

~~Governor Vetoes S Sub for HB 2448, H Sub for Sub SB 286, SB 58, and SB 160~~

On Friday, April 15, Governor Laura Kelly signed the redistricting maps for the Kansas state House of Representatives, the Kansas state Senate, and the Kansas Board of Education into law and vetoed Senate Sub for House Bill 2448, House Sub for Sub Senate Bill 286, Senate Bill 58, and Senate Bill 160.

The following veto message is from Governor Laura Kelly regarding her veto of S Sub for House Bill 2448:

"Every Kansan feels the price of the pandemic-induced inflation at the pumps and at the grocery store. The cost of food alone is one of the most significant contributors to inflation overall.

"With the rising costs of these necessities, we should be helping people afford the basics. This bill would unnecessarily burden nearly 30,000 hard-working Kansans, including people caring for their families and impacting those with children.

"Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto S Sub for House Bill 2448."

The following veto message is from Governor Laura Kelly regarding her veto of H Sub for Sub Senate Bill 286:

"This bill includes valuable provisions that I support, such as expanding telemedicine and criminal penalties for violence against health care workers in hospital settings.

"During the pandemic, I worked with hospitals, frontline care workers, and stakeholders on a narrowly tailored compromise to protect our doctors and nurses responding to COVID-19 while ensuring Kansas patients still had appropriate protections. This was important for those working around the clock, caring for our loved ones during the height of the pandemic.

"However, a last-minute provision was inserted into this bill which gutted our original carefully crafted compromise and indiscriminately broadened protections for health care providers, substantially reducing protections for Kansas patients.

"I will work with the Legislature in a bipartisan fashion on a bill that returns the liability provisions to the original compromise language and include the provisions for telemedicine and enhanced criminal penalties for violence against health care workers in hospital settings so that both Kansas patients and our hard-working healthcare providers are protected.

"Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto H Sub for Sub Senate Bill 286."

The following veto message is from Governor Laura Kelly regarding her veto of Senate Bill 58:

"Throughout the pandemic, parents had to step up and do the impossible. Go to work. Take care of their children. Teach, tutor and facilitate their children's learning. When it comes to their children's education, parents can and should play a vital role. We know that parental engagement in their child's education greatly impacts the outcome.

"This bill, however, is about politics, not parents. Over one hundred Kansas parents testified against this bill. It would create more division in our schools and would be costly. Money that should be spent in the classroom would end up being spent in the courtroom.

"That's unacceptable, especially after our efforts to bring Democrats and Republicans together to fully fund our schools for the last four years.

"I look forward to working with the Legislature in a bipartisan fashion on a bill that gives parents a seat at the table without harming school funding or exacerbating the issues facing our teachers.

"Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto Senate Bill 58."

The following veto message is from Governor Laura Kelly regarding her veto of Senate Bill 160:

"Both Republican and Democratic Governors have joined me in vetoing similar divisive bills for the same reasons: it's harmful to students and their families and it's bad for business.

"We all want a fair and safe place for our kids to play and compete. However, this bill didn't come from the experts at our schools, our athletes, or the Kansas State High School Activities Association. It came from politicians trying to score political points.

"This bill would also undoubtedly harm our ability to attract and retain businesses. It would send a signal to prospective companies that Kansas is more focused on unnecessary and divisive legislation than strategic, pro-growth lawmaking.

"Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto Senate Bill 160."

KSGOP Blasts Gov. Kelly's Good Friday Veto Spree

Governor Laura Kelly spent Good Friday vetoing critical legislation on fairness in women's sports, the Parents' Bill of Rights, and work requirements for able-bodied Kansans receiving food stamps.

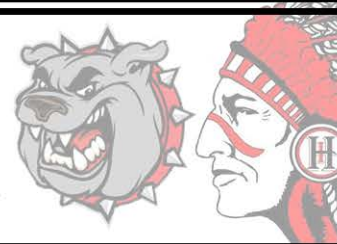

The Kansas Republican Party released the following statement in response:

"Today, Governor Laura Kelly put her liberal politics ahead of Kansas parents, students, and taxpayers," said Shannon Pahls, KSGOP Executive Director. "Laura Kelly's veto of the Fairness in Women's Sports Act is a slap in the face to the female athletes who fought for their right to compete simply because the Governor refuses to acknowledge biological science. Her veto of the Parents' Bill of Rights signals her loyalty to Democrat unions over parents and their children. And her decision to trap Kansans on government dependency rather than compel them to work to earn a living for their family is a disaster. It's bad enough that the party of Laura Kelly and Joe Biden has created record-high inflation, but now, when she has the opportunity to help Kansans move toward financial independence, she refuses. Kansans see clearly that Laura Kelly is motivated by a liberal partisan agenda. She's more like Joe Biden every day."

Golden Plains senior Alisha Brantley was recently notified that she was awarded a Hagan Scholarship to attend Fort Hays State University this fall. The Hagan Scholarship is a nationwide need-based merit scholarship designed to help high achieving students graduate college debt-free.

The scholarship provides up to \$6000 each semester for up to eight consecutive semesters. Former police officer, Garry Parker, who is an advocate for SAFE driving, presented at Wheatland High School. In Parker's presentation he showed all kinds of videos explaining the consequences of distracted driving.

Sponsor Miss Wetter said, "Garry Parker's direct approach to the topic of safe driving practices gave students an important reminder that they must make wise choices when driving. Through the SAFE Program, NHS strives to present programs that make the message clear to students about the consequences of distracted and drunk driving. It was good to hear the students' positive comments about Mr. Parker's presentation."

This day was a great eye opener for all the students at Wheatland High School. Safe driving is no joke and needs to be taken seriously.

Chasing Clovers: Responsibility

By Patsy L. Maddy, Twin Creeks Extension District, 4-H Youth Development Agent

Responsibility -- Webster's definition -- 1) the quality or state of being responsible, such as moral, legal, or mental accountability, reliability, and trustworthiness. Being responsible involves being in charge of your own actions and choices, carrying out what needs to be done and being a good role model.

It is important that parents show good character by being responsible and portraying good role models. Perhaps they could become an assistant 4-H volunteer in a project area or study to become knowledgeable about a subject matter area. Another aspect of responsibility is being available when needed, showing proper work habits and modeling for members that the value of experiences is much more significant than being the top winner and receiving prizes and awards.

There are many activities that help youth understand the role of responsibility in project areas. For example, divide club members into groups so that each addresses a different step in a project activity. Have the groups brainstorm and identify a member's responsibility related to the step they are assigned. Take turns having each group present their list. After each presentation, encourage members to further discuss the importance of responsibility in the step.

The 4-H program provides 4-H club leaders with many opportunities to teach character education and life skill development. There are many opportunities for 4-H members to practice and demonstrate good personal character.

Responsible behaviors in the 4-H program include conducting timely and appropriate decisions about each enrolled project and meeting deadlines with those project areas. Maintaining an accurate project record book is another important component of the 4-H program. Members should responsibly record activities, events and educational experiences for their projects and take pictures to document growth.

Fair season will be approaching in a couple of months with youth members currently working with livestock projects, researching recipes to find the best and tastiest version, attempting new techniques in visual arts projects, and the list goes on. The most valuable element of project areas is 'learning', not the color of ribbon received at a county fair! Many times, youth learn more from receiving a red ribbon and completing the project on their own than receiving a champion ribbon and not knowing how the work was completed because of too much assistance from parents, guardians, or project leaders. We all want our youth to be successful but remember to take into consideration the cost of that success and who's responsibility it is that will provide the best experience for the youth.

Learning life skills that can be implemented later is key in experiential learning. The ability to adapt skills learned to other project areas and life situations demonstrates responsibility in making the most of experiences. Youth take a great deal of pride in their accomplishments if they have been responsible for their end-product.

Encourage your youth to participate in the nation's largest youth organization and America's foremost youth development initiative. Contact Patsy Maddy at the Twin Creeks District Extension office

CORNER KICK! Our floor-painting pal has worked himself into a corner. Which of four routes leads to the door?

SEVEN-UP! Think of a number — any number. Double it, add 17, take away three, halve the result, and subtract the original amount. Alakazam, answer is always seven.

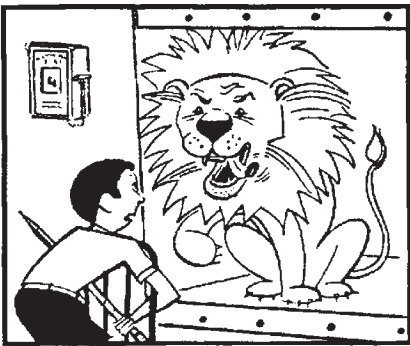

MATCHUPS! Challenge: You are asked to form six two-syllable words from the 12 one-syllable words provided at right. Words in left-hand column are to precede words in right-hand column in answers.

One way to proceed is to begin with first word at top left, find a compatible word at right and draw a line to it. Move on to second word, etc. See how quickly you can make the six matchups. Time limit: two minutes.

1. Oarlock. 2. Gainsay. 3. Postage. 4. Highway. 5. Bagpipe. 6. Pumpkin.

QUICK ON THE DRAW UNDER PRESSURE?

LET'S see if you have your wits about you under a great deal of pressure. Suppose you are the young man at left who hopes to avoid being clawed by an obviously free-to-roam lion.

What can you do with an object at hand — an object in the picture — that will keep the beast in its place?

Think fast, and not too hard.

Simply use pencil to draw lines vertically dot to dot to form bars of cage.

STRING TRIO! If the sum of three consecutive numbers is 63, what are the numbers?

Numbers are twenty, twenty-one and twenty-two.
